MENDEL CATHOLIC HIGH SCHOOL
CHICAGO, ILLINOIS

DEDICATION

*His Eminence, Samuel Cardinal Stritch,
Archbishop of Chicago*

It is with deep esteem, reverence, and gratitude that we, the first graduating class of Mendel Catholic High School, affectionately dedicate this premier edition of our school yearbook to our beloved Shepherd in Christ, Samuel Cardinal Stritch.

Foreword

The name of our first yearbook is intimately connected with the scientific experiments of Father Gregor Mendel, O.S.A., in whose honor our school is named.

The word "ARIL" is the name of the outer covering of the sweetpea seed. This flower and plant, as civilization has learned, played a prominent part in Mendel's research. In tribute to the memory of this saintly Augustinian scholar and gardener, we name this premier yearbook edition THE ARIL.

Our theme is LIFE and GROWTH. The founding of Mendel Catholic High School typifies LIFE. The successful progress through four years and the graduation of Mendel's first class personify GROWTH.

Against the back-drop of campus scenes reflecting the beauty of God's nature — long the object of Mendel's exhaustive study — the Senior Class proudly presents this brief biography of LIFE and GROWTH to date — the 1955 ARIL.

Our School

What a nursery is to plants and trees so is a school to youth. Both are places of special care, nourishment, and development. In the former, the undeveloped SEED is nurtured to a SEEDLING stage, thence to a period of vigorous BLOOM, and, finally, readied for TRANSPLANTING. In high school these four phases of life and growth have their counterparts in the progress of a student through his four year course of study.

This is Mendel, its teachers, and its students!

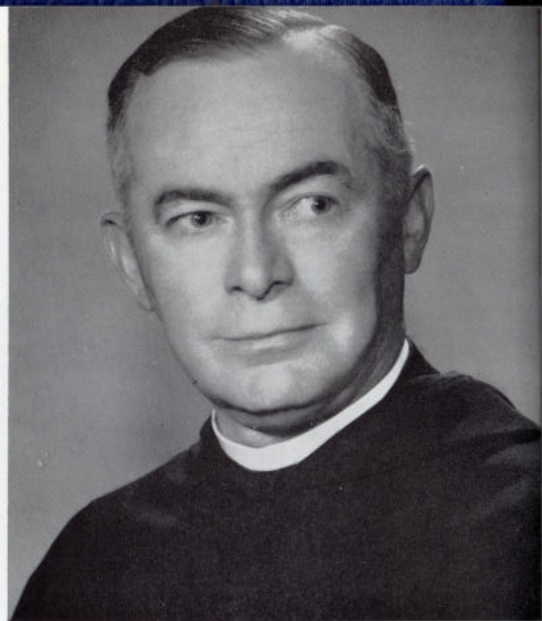

Mendel Beginnings, 1951

The altar and flag symbolize the beginnings and purpose of our school...for God and Country...eager faces of young and old alike reflect the anticipated hopes for Mendel's glorious contribution to education in Roseland and greater Chicago.

Provincial, Mother of Good Counsel Province, Very Reverend Clement C. McHale, O.S.A., who guided the establishment of Mendel High.

Below: The first Augustinian priests assigned to teach at Mendel.

Front: Fathers Verstynen, Hartigan, Graham, La Morte, O'Rourke.

Rear: Fathers Nash, Burns, Hennessey.

Center left: Cardinal Stritch blesses the school buildings, assisted by pastors of local Holy Rosary parishes, Fr. Sheridan and Fr. Valcicak.

Below: First algebra class; first chapel exercise and scenes of the first parish Mary Day on our grounds.

Mendel Enters Its Second Year, 1952

Top: L. to R.: Fresh orientation; parents and teachers confer; first school dance at St. Salomea Hall.

Left column: End Men yak it up; old lunchroom lineup; Fr. Hartigan explains how not to lose a finger.

Right column: Wally and Pete get some paint points from Fr. Hennessey; our rector learns of Men's Club plans; Seated: Mr. Stewart, Fr. Seary, Mr. Malone (R.I.P.); Standing: Fr. McCloskey, Mr. Caffrey. "Chuck" Mills receives team mementos from co-captains Stolle and Meneghini.

Above: The first Frosh-Soph team set an enviable record in 1952; some action and sideline shots.

Fr. O'Rourke congratulates Mr. Johns for outstanding work of section in Mission collection.

Mr. Schuld directs the first glee club.

Center: Fr. Seary meets with parents before school term begins.

Mother's Club Christmas Parties for faculty in old cafeteria.

Bottom: Fr. Burns gives some pertinent facts.

"Go, you men of Mendell!"

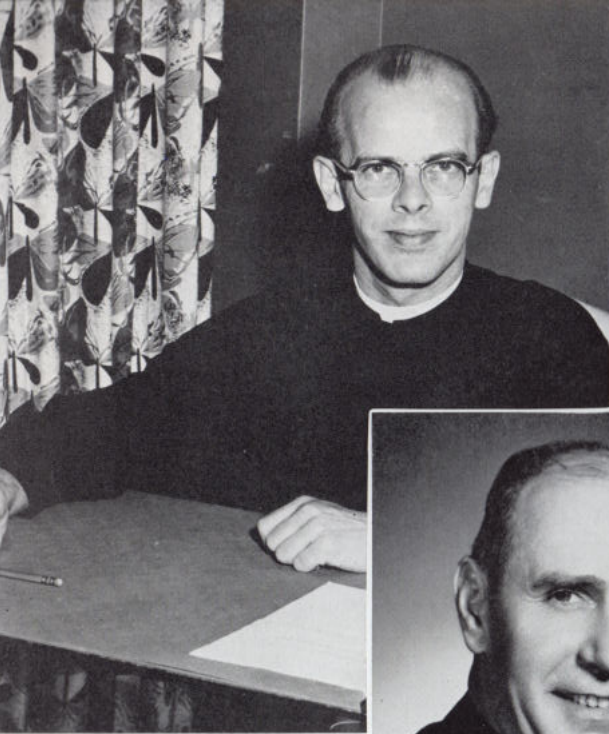

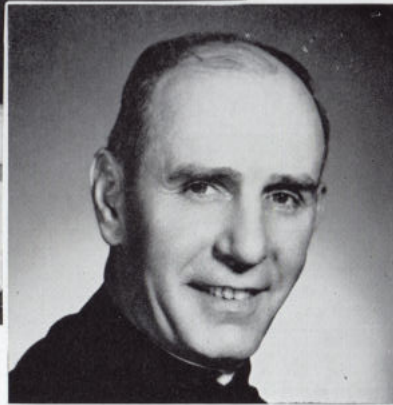

First Rector and Prior

Mendel Catholic High School and the religious community of Augustinian priests were placed in the capable hands of the Very Reverend John L. Seary, O.S.A., who, as administrator, prior and principal, saw Mendel through its infant days and directed it to the culmination of four years of notable achievements.

God, His Church, and Morality

RELIGION courses include study of all phases of the Church's liturgical life and traditions (above).

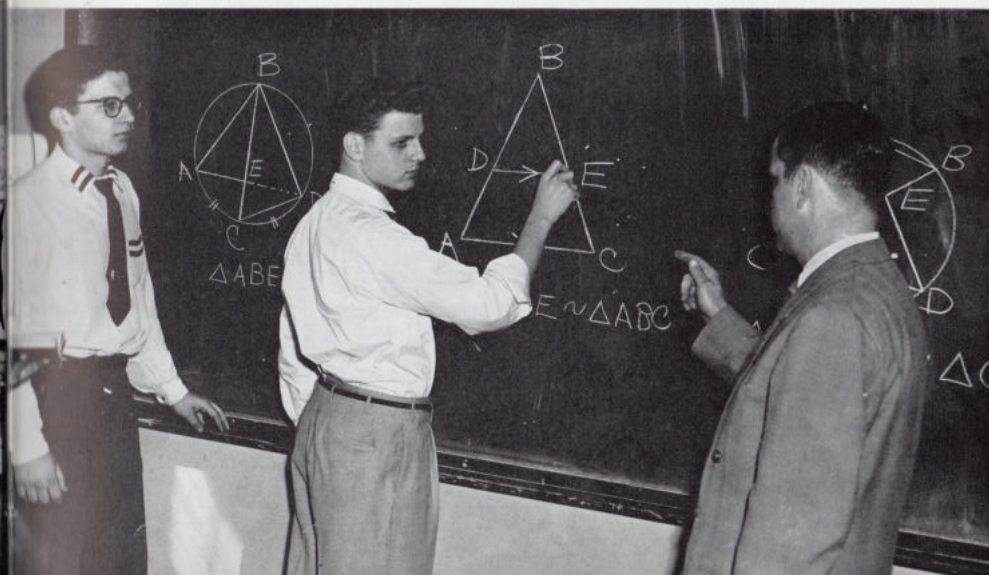

MATHEMATICS takes on a greater importance for high school students in this atomic age.

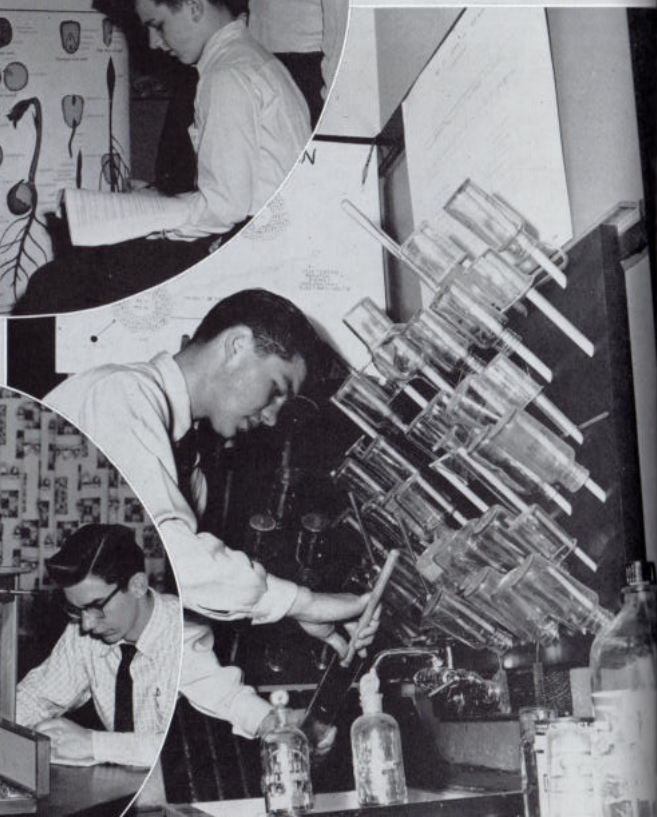

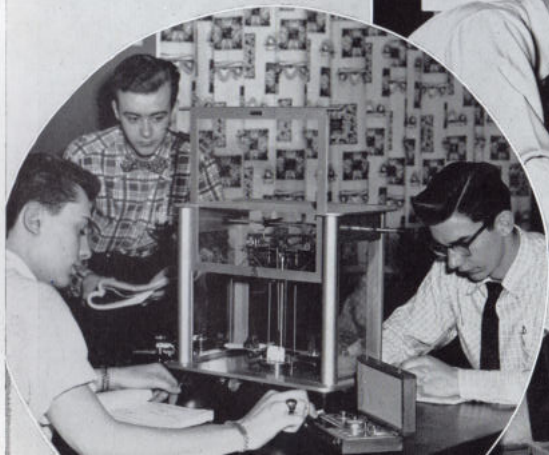

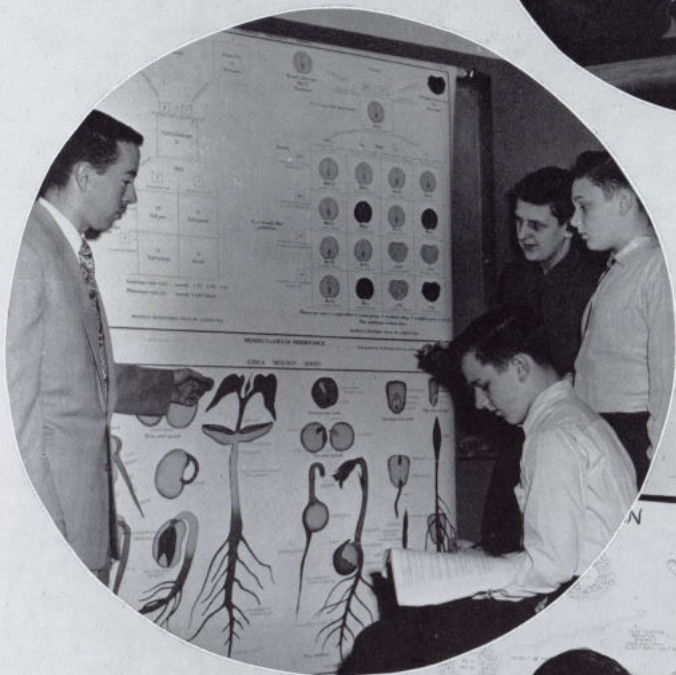

ENGLISH LITERATURE class hears the classics.

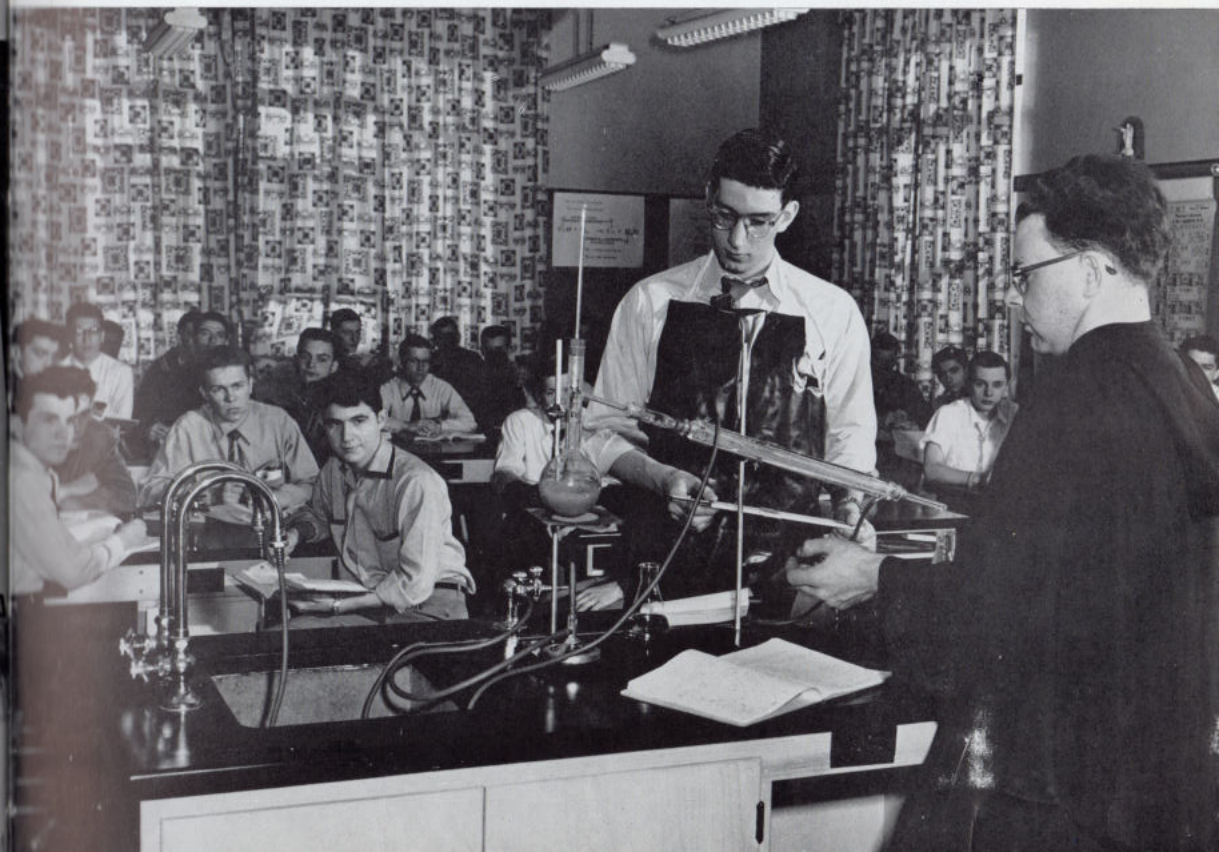

English Surveys and Mathematical Symbols

In the Footsteps of Gregor Mendel

SCIENCE will certainly be a popular subject in a school dedicated to the memory of one who did so much to advance true scientific research. The "Father of Genetics" would be at home with the boys studying the botany chart or with the senior busily cleaning the lab equipment; the physics and chemistry labs would reveal to him the familiar sight of the Augustinian religious garb still an integral part of scientific experimentation. The spirit and ideals of Mendel will continue in this school named in his honor for in his life was best exemplified the fact that religion and science can and do go together.

Freshman woodshop projects range from large to small.

Wood and Metal Crafts

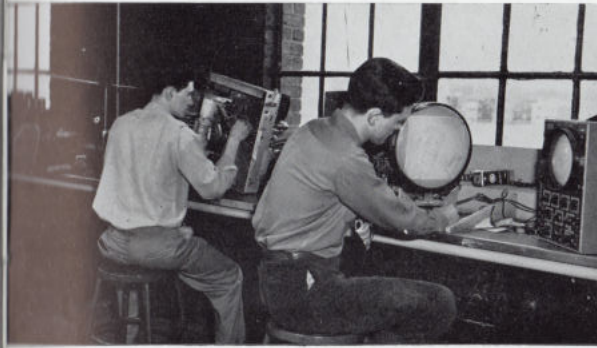

OPPOSITE PAGE — Attention to detail and cautious operation are impressed on metal and machine shop students.

Precise calculations absorb a class in electronics.

Mechanical drawing assignments demand patience, neatness, and exactness.

Blueprints and Electronics

Seniors do advance work in electronics lab.

More adept freshmen in woodshop.

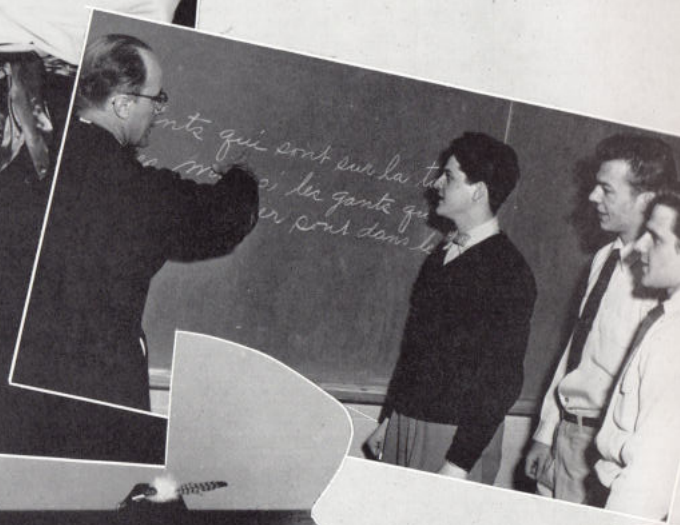

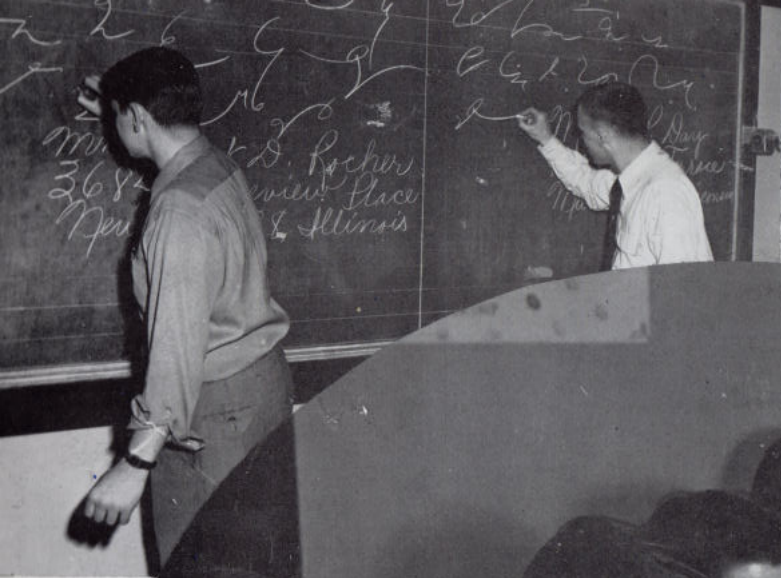

Study of Lands, People, and Languages

In a world so consciously United Nation minded as now the curriculum requirements of history, civics, sociology, and languages take on far greater import. A place on the map may in a short time become a senior's new place of residence as a member of the armed forces; a foreign language may be today a schoolboy's lark but to-morrow may be a matter of daily necessity. National differences in speech, dress, and customs are here learned so as to beget understanding, appreciation, and tolerance. Mendel faculty members with diverse backgrounds and origin contribute in a very real sense to the student life. It is our purpose, through language and social studies, to develop civic-minded and neighborly citizens of the future.

Business Exercises . . .

OPPOSITE PAGE—

Shorthand, typing, and business practice comprise the essentials of the popular business course at Mendel and prepare the student for modern day business practices or for college entrance requirements.

. . . and Busy Exercisers

The business of exercise and physical education is under the direction of two able and conscientious instructors, Mr. McClintock and Mr. Hartman.

Our Classes

The embryonic FRESHMAN who comes to Mendel discovers that he is in the care of experts in the educational field. As a SOPHOMORE seedling he appreciates the individual attention accorded him by both religious and lay teachers and begins to properly evaluate the worth of a Christ-centered education. The bloom of maturity which comes with his JUNIOR year brings with it an air of sedateness and a sense of security. The fruits of this care and attention ripen in his SENIOR year — he is ready for transplanting or grafting — he is prepared to better live out his life for Christ in whatever climes or surroundings he may find himself!

Senior Class

SENIOR CLASS OFFICERS

Front: Regis Swajkowski, vice-president;
Ronald Adams, treasurer.

Rear: Francis Menechini, president; Jerome
Brennan, secretary.

FIRST MENDEL MEN . . . PREMIER CLASS . . . our glorious distinction . . . more clearly revealed by Cardinal Stritch in his graduation address to us . . . "With this first graduating class Mendel goes into production, and what we look for primarily in this new product is SANCTITY!" . . . we pioneered in many "firsts" at Mendel . . . the first class-day mass in the temporary chapel and the first baccalaureate mass in the new chapel . . . first exams . . . the first rally . . . first teams . . . first victories . . . first socials . . . junior week . . . senior prom . . . God grant that we first Men of Mendel prove our worth as products of holiness!!

Junior Class

JUNIOR CLASS OFFICERS

Left to Right William Cassidy, secretary;
Albin Sabal, president; John Grogan,
treasurer; Robert Zimmerman, vice-
president.

Ours is the task to follow in the footsteps of giants . . . we do so without fear . . . we gladly take up where the first class left off . . . as returning alumni they will witness the progression of traditions and standards so nobly begun . . . for we also experienced some of the early hardships of a new school taking roots . . . we shared trivial privations in material things in order to secure the greater good of education in a Catholic atmosphere . . . we cherish fond memories with the pioneer class . . . soon we will come into our own as seniors . . . soon we will be leaders!

FRESHMAN CLASS OFFICERS

Left to Right: James Brennan, secretary; Robert Williams, treasurer; Bernard Englen, president; Terry O'Brien, vice-president.

Pardon our brashness, but, what's all this about pioneers, firsts, and old things at Mendel . . . Mendel is a new school . . . everything is new to us . . . chapel, gym, cafeteria, library, our beautiful campus . . . even the new freshman wing . . . we put Mendel in the "big" school category of over 1200 students . . . we aim to keep her "big" in student activity, moral leadership, scholarship, and athletic prowess . . . we salute the Premier Class and all who gave us the new Mendel . . . with the undaunted freshness of youth we eagerly await the future greatness of the class of 1958!

Our Activities

A nursery caretaker strives to develop a diversity of blooms and variety of patterns. The one increases the value of his plants, while the latter enhances the attractiveness of his nursery.

Similarly, the school urges each student to cultivate all his God-given talents and abilities.

Mendel has a variety of clubs and activities which augment the curriculum of studies. Students are encouraged to participate as a means of developing good personality and character traits.

J. Gell, D. Vennergrund, A. Langes, W. Campbell, M. McGrath, R. Zimmerman (Editor), R. Felice, R. Ivano (Assistant Editor).

The Mendelian

Robert Kujala, Editor: four years.

After four successful years under the leadership of the gifted Robert Kujala, the Mendelian has established itself as a vital part of school life at Mendel. The staff pictured above will continue the work so ably begun under its genial moderator, Fr. O'Rourke.

Jim Walsh, Bob Zimmerman and Jim Sullivan chuckle over a humorous item for the last edition.

Aril Staff

The first yearbook endeavor at Mendel was placed in charge of co-editors Eugene Kuhl and Bernard Staib. Under the guidance of moderator, Father O'Neill, a nucleus of seniors planned a cover design and theme. Although handicapped by inexperience, the staff hopes that its efforts have resulted in the production of a book which will be treasured by the first graduating class.

Top picture shows the senior members of the staff with their moderator.

Bottom Picture: ARIL STAFF MEMBERS: First row: James Panozzo, John Grein, Thomas Osborne, Fred Henning, Eugene Kuhl (co-editor), Taft Roe, Daniel O'Connell.

Second row: Arthur Pearson, Terence Bergin, Harold DeMarest, Bernard Staib, co-editor), Joseph Kelly, John Mullen, Robert Felice, Michael O'Mara.

The Student Senate

1953-54 OFFICERS

Daniel O'Connell, Vernon Zyblut, Walter Pascale, James Arvia.

1ST SEMESTER, 1954-55 OFFICERS

Joseph Adducci, Robert Zimmerman, James Arvia, Francis Meneghini.

2ND SEMESTER OFFICERS

James Arvia, Francis Meneghini, James Schutzenhofer, Richard Wojcik.

The Student Senate, organized two years ago under the patient direction of Father McNabb, elects officers and representatives by votes of the student body. Through various committees and at weekly meetings the Student Senate accomplishes its purpose, namely, "to reflect student views, encourage cooperation between faculty and students, co-ordinate extra-curricular activities, and increase school spirit."

Successful projects undertaken by the Student Senate included the maintenance of the Student Center recreational facilities, intra-mural awards, post-football game dances, Thanksgiving baskets for the poor, the Vocation Holy Hour, and the popular Teen Forums.

Mendel Monitors and Debating Club

The Mendel Monitors serve as hall guards and directors of stair traffic throughout the school day. Originated by Father Burns four years ago, this group, chosen from all sections in the school, plays an important part in the maintenance of good order and safety during change of classes, drills, and dismissals.

The Debating Society is in beginning stages as yet. Father Flynn hopes to interest more boys in forensic competition. Members of this group who develop their talents in speech and logical argumentation will supply worthy candidates to represent our school in oratorical contests.

Senior and junior class Monitors pose with their moderator, Fr. Hillebrand, and practice their sternest glances for the day's tour of duty.

Debate Team members pause in their deliberations to pose.

Sodality of Our Mother of Good Counsel and Booster Club

Members of the Mother of Good Counsel Society pictured with Father Grace are primarily interested in the Church's foreign missions. They also assist in distributing the spiritual newsletter edited by their moderator.

The artistic talents of many students found expression through membership in the Booster Club. Their poster displays engendered student interest in sports events, socials, plays and club activities.

Father Theis beams approval while his artmen check their work.

Ground Observer Club

This club, organized by Father Pazera, has an active membership of 50 boys. Upperclassmen actually take part in sky-watching at the Southeast Chicago observation post.

Father Pazera brought national honor to Mendel when he received a special citation from the Continental Air Defense Command for his efforts in interesting youth in civil defense work.

Camera and Radio Clubs

Rich Hagedorn (circle) does some CQing with friendly help from kibitzers while other Radio Club members (right) probe the inner workings of receivers or practice Morse code under the watchful eye of Fr. Pazer.

The field of photography, which interests so many, is now represented by the Mendel Camera Club. Mr. Allen, the moderator, directed the establishment of a darkroom to serve in the developing and enlarging of pictures for school use.

One of Mendel's fastest growing and most popular organizations is the Radio Club. Its members not only further their interest in radio as a hobby but delve into advanced theory and research. Under the leadership of Father Pazer the club set up its own ham station. Mendel's call letters are W9UVQ.

Mendel Mothers' Club

The Mothers' Club is a school auxiliary which undertakes various projects for the financial benefit of the school and for the social betterment of its members. This club has done immeasurable good for the school by their good will and accomplishments. The annual card party has always been a grand success; the linen showers for the priest-community and sacristy needs were noble gestures; and the faculty look forward to the annual Christmas Party. Fr. Burnell has been the zealous moderator for three years.

Left column: Mrs. Helen Napoli who so efficiently guided the club through its first two years; freshman mothers' tea; workers prepare for raffle; Fr. Burns and Fr. Burnell visit with the card players.

Right column: Officers through four years: Top, third year officers, (Mrs. Komroth, pres.); fourth year officers and their installation, (Mrs. O'Neill, pres.); officers of first and second years, (Mrs. Napoli, pres.).

The Fathers' Club is a necessary and important adjunct to student life and the well being of Mendel. The club meets monthly and provides in its by-laws a very worthwhile insurance plan for dues paying members. Besides affording its members some social enjoyment, the Fathers' Club sponsors an annual show and a dinner-dance, the proceeds of which are turned over to the school. The officers and club have been of inestimable help to the school from its very beginning.

Our Sports

The transplanted or grafted plant must be strong enough to withstand disease, insects, and the ravages of nature. The trained horticulturist frequently tests plants and trees under varying circumstances in order to insure their healthful existence.

Likewise, our school life includes a discipline of sports. The school athletic program trains boys physically and mentally for the reality of competition with others in daily living. Team competition with other schools not only affords the more gifted athletes an opportunity to perfect their talents individually and collectively, but serves as a test of school loyalty on the part of the majority of students who do not participate.

We Win the Big One! Carmel

"YOU'VE GOTTA HAVE HEART" could well have been written with our Monarch gridmen in mind! The first year in the League made them a target in every game, yet they came through gloriously. Defeated in the first four league games, they came back to win the last three. Rightly so, their most cherished memories will be of the day they defeated the title-bound Mt. Carmel eleven — a King-size upset!!

Danny King leads Carmelites a merry chase.

Big John about to snare a pass from Carmel defenders.

The Caravan bogs down!

Long may he weave and run! Bill Gallagher streaks for the goal against the Ironmen. Mendel will long remember his thrilling runs and outstanding team play.

Clobbered!!

Stolte flips one to Solatka in the Ignatius game.
 Monarchs try for yardage against the Leo line.
 Konrath and Gallagher lead reinforcements in Carmel game.
 "Moose" grabs one in the end zone.
 Bottom: The Mustang kick-off in 1953 starts us in big time.

Bowling at the Rose Bowl

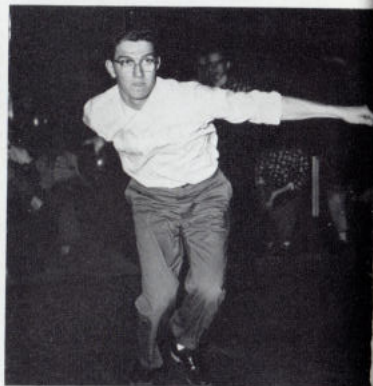

What's this? ? A southpaw? ? ?

Under the energetic direction of Mr. Schuld, the Mendel bowlers again enjoyed a successful season. Once each week they met at the Rose Bowl and engaged in heated competition as teams composed of determined Mendel keglers strove to strike and spare each other into submission. At the completion of the season, outstanding bowlers were given trophies and awarded letters.

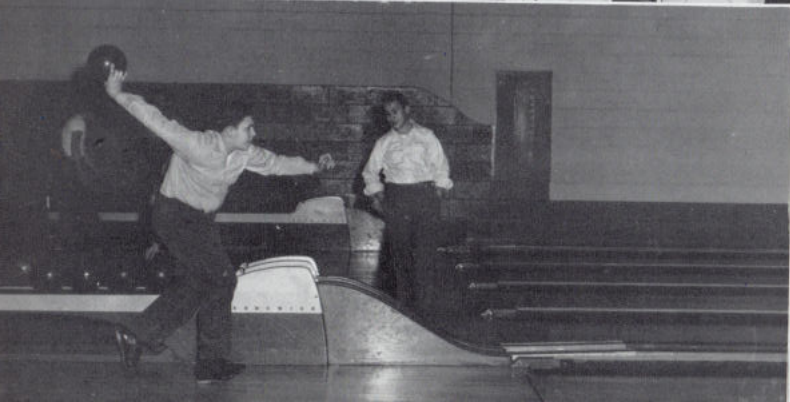

Oh! My aching knee!

Is Jim Brandys challenging Len LeRose's tabulating system? Could Mr. Schuld and Rich Lencki be pondering the same thought? ... "Now, if we just dropped this ball . . . ? ?"

"Digger" about to dig up an alley

"Watch me closely, son! Now, with this form . . ."

Shoot! Shoot!

Since not all students have the ability to participate on varsity squads, a system known as intramural competition has been provided under the direction of Mr. McClintock, Mr. Hartman and Mr. Kelly; the different sections compete against one another in football, basketball and softball. The main purpose for this is to induce all students to take part in an outdoor activity and to develop and nourish in each a keen sense of competition and sportsmanship.

Our Events

A nursery frequently uses a progress chart to note a plant's growth from the seedling stage to its blooming period.

The record of events of our last year at Mendel completes a four-year history which was begun in the opening pages. We here trace the final highlights of LIFE and GROWTH at Mendel which will serve as a pattern of recollections depicting our spiritual, mental, and social advances.

Events: Junior Week, 1954

The first junior week was a memorable one at Mendel . . . juniors and their mothers at Holy Mass . . . then breakfast together after a stroll from Holy Rosary church . . . Father and Son Sport Night . . . then the first junior prom!

First Senior Prom

The scene of this gala social event was the Conrad Hilton. Del Rene's orchestra supplied music for dancing and also entertained with novelty numbers. After the grand march, Father Seary greeted the seniors and their dates, pointing out that only a few members of the class had been unable to attend. The Prom was the fulfillment of every hope and wish and will long be a happy memory.

Graduation: Premier Class

Fond memories of a never to be forgotten evening . . . Cardinal Stritch's stirring words . . . the beautifully decorated gym . . . thronged by loved ones and friends of the graduates . . . we "men in white" the center of attraction as we receive the coveted diplomas from His Eminence . . . a grand climax to the Premier Class history at Mendell!

We wish to thank all who have helped us these first four years and on the occasion of the erection and dedication of our new buildings.
