# Leo, Gordon, George Upset

By BOB MARGHOTT

There were three things that the Cincinnati Reds did to win the game yesterday. First, they hit home runs. They hit three home runs, including the one that won the game for the Reds. The second thing they did was to pitch well. The third thing they did was to play hard.

A result of the sports, Central's Corvino is the British... The Reds' victory over the Pirates was a result of their pitching and hitting. The game was a close one, but the Reds came out on top.

My petting average took a beating last week... The Reds' performance was a result of their pitching and hitting.

That's quite a step from last week... The Reds' performance was a result of their pitching and hitting.

PREDICTIONS... The Reds are expected to continue their winning streak.

# MONARCHS HUMBLE MIGHTY LIONS

The Mendel Monarchs pulled a feat to meet, but they were not even 20 yards for the largest part of the contest. The Monarchs, however, were able to score in the first half.

In the first half, Leo looked like he was going to be the star of the game. He had a great performance, but the Monarchs were able to keep up with him.

The second half of the game was just as exciting as the first. The Monarchs were able to score again, and the game was a close one.

The game ended with the Monarchs winning. The Lions were a strong team, but the Monarchs were able to outplay them.

# Long Run Nullified By Penalty

Mendel's Bill Jordan starts on sweep around the right end on play which earned the Leo two yard line in third period. Simon's defense was unable to stop the play, but a foul nullified the play.

# Mendel Hails Unbeaten Leo; Learm Leads

Leo's unbeaten record was highlighted by a strong performance in the game against the Monarchs. The team's defense was solid, and the offense was able to score when needed.

## FOUR GAIN SECOND PLAYOFF ROUND

### Newcomers Will Battle St. George, Mt. Carmel

By HANK KATZ

A couple of years ago, the football scene in the New York area was a very different one. Then, all of the teams were in the same conference, the NYFL. Today, however, the scene is a different one. The NYFL has been replaced by the American Football League (AFL) and the National Football League (NFL). The AFL and NFL are now the two major leagues in the country.

One of the most interesting aspects of the AFL is the fact that it is a new league. It was founded in 1960 and has since then become one of the most successful leagues in the world. The AFL has a number of teams that are very popular, and it has a number of players that are very talented.

## Notes from the A.D.'s Desk

While it is true that the monarchs have a long and illustrious history, it is difficult to put down, in a simple, concise manner, the reasons for their success. We have a good example of this in our newspaper here. It has 100 years of history, and it is still going strong. It is a credit to the monarchs that they have been able to maintain their position for so long.

# Dreas The End in M(end)el

**By Louis BERNARDINI** (The Herald staff writer who has reported on the football scene for many years) has written a story for the "Herald" which is the first of a series of articles on the football scene in the city. The story is a tribute to the hero of the school's first Catholic grid title, the late George Dreas, who was killed in action during the game with the Holy Cross team on Nov. 10. Dreas was a member of the Holy Cross team and was killed during the game. The story is a tribute to his heroism and the sacrifice he made for his team and his school.

The game was a hard-fought one, and Dreas' sacrifice was a turning point in the game. His death inspired his teammates to fight harder and eventually led to their victory. The story is a moving and inspiring account of a young man's life and death, and a testament to the values of courage and sacrifice.
