## *Dimension '70*

*Here we stand  
on the threshold of a new decade –  
some walking up the steps of truth;  
others lingering on  
to grab hold of their own ideas.  
For those walking on –  
they shake hands with maturity.  
For those staying behind –  
they come face to face with reality.  
In either case,  
boys become men.*

## *Reach Out . . .*

*The key to Dimension '70  
is communication, for  
it unlocks the door of understanding.  
Here at Mendel,  
education is more than just learning;  
it is an experience involving  
exchange of ideas among individuals.  
To communicate is  
to achieve individuality;  
and to achieve individuality  
is to reach maturity.*

## *Stand Up . . .*

*Our complex society  
demands a free-thinking individual;  
one who has the energy  
to carry out his ideas  
and the stamina*

*to stand by his convictions.*

*The success of Dimension '70  
rests on youth participation.*

*Participation begins here at Mendel –  
whether it's being a debater, or  
playing football, or  
writing for the Mendelian.*

*In short, it means getting involved.*

## *Look Ahead . . .*

*Four years have passed  
now ending at another beginning.  
The challenge of Dimension '70  
is here.*

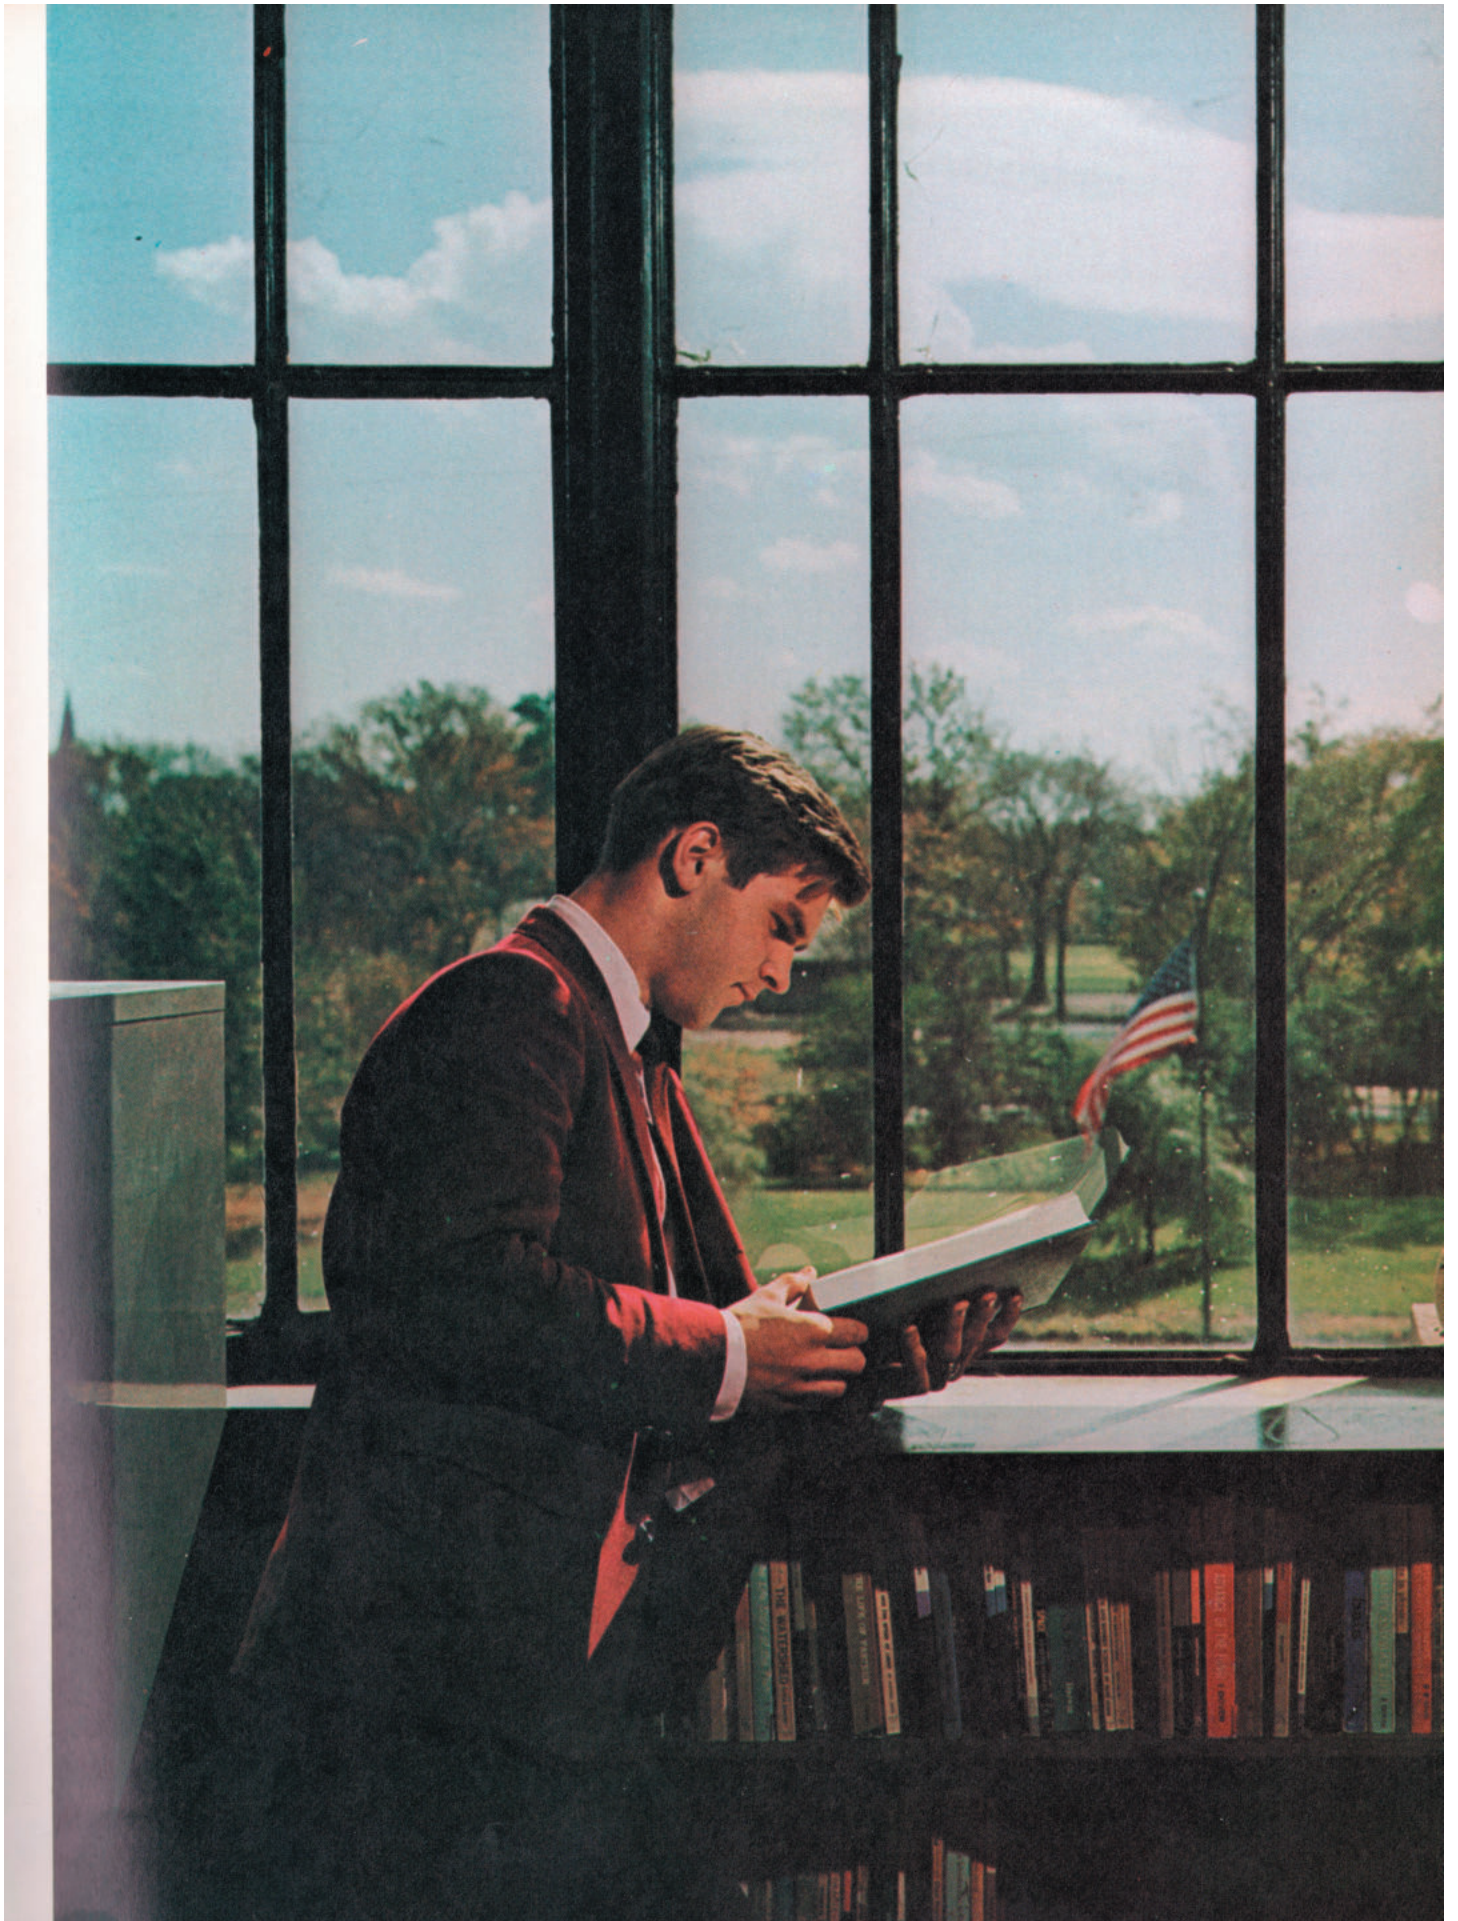

*The world, with its wars,  
and hunger, and poverty,  
and host of future problems  
is ours.*

*But we have the hope, vigor,  
and ability necessary  
to accept this challenge.*

*Some people look at  
the state of the world  
and ask why!*

*Let us imagine  
what the world could be like,  
and make Dimension '70 a reality.*

# REACH OUT

*In the fertile soil of the mind of a young man has been sown the seed of imagination, the quality that allows the mind to reach out over the processes of physical living. It has bloomed in the cramped airless surroundings of a math test; it's in the wondering glimpse that comes with seeing real life under a microscope. It is embodied by a hand touching a hand, and educated mind touching an inquisitive mind. The horizon of a student is limitless, without bounds. It's as far as his imagination will allow him to REACH OUT.*

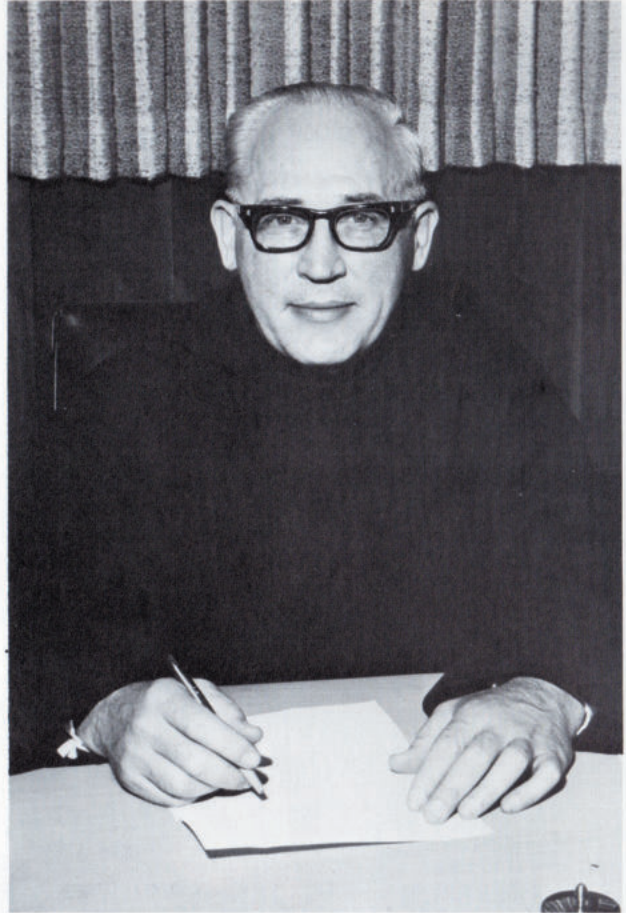

## *Frs. Hartigan, Crawford Spark Mendel Spirit*

Fr. Daniel J. Hartigan, O.S.A., a well-known figure on campus, has completed his second year as Prior of the Mendel Monastery. During the year he implemented the new Statutes of the Augustinian Order into the monastic life of the 34 Augustinians under his guidance. Father has served as teacher, Vice Principal, and Principal at Mendel since its inception in 1951. During this time he completed his education at Loyola University with a Doctor of Education degree. He serves as Superintendent of the Augustinian School System. Vitaly interested in school activities and events, Fr. Hartigan continues to demonstrate a spirit of loyalty and dedication common to Mendel.

When Fr. Francis Crawford, O.S.A., became Principal of Mendel in September, 1968, he brought back the spirit and vigor which had been dormant for a few years. In his second year as Principal, he has upheld and bolstered this spirit, instilling in the students a new sense of dedication, pride, and loyalty towards their school. Fr. Crawford holds a Specialist degree in Education from De Paul University and a Master of Arts degree in political science from the Catholic University of America. With his wide academic background and experience, Fr. Crawford is qualified to develop today's Men of Mendel into the responsible and loyal individuals of Dimension '70.

# Administration Welcomes Three New Members

Due to two transfers and a resignation, three new members joined the Administration in September. Emphasis by the Vice-Principals have been placed upon school discipline and organization, crowd control at events, and self-development of faculty members and students. All recommendations aim towards development of individual needs.

The administration, with its six Vice-Principals, is headed by the Principal, Fr. Francis Crawford. School policies are determined, proposals are voted upon, and

school calendar, events, and activities are set at administration meetings which are held twice weekly.

The Curriculum Seminar, made up of the department heads, is under the direction of the Administration. It meets monthly to discuss, evaluate, and make recommendations on existing programs and problems.

As a whole the Administration is an organization through which things are accomplished for the school, and it has exemplified the spirit, dedication, initiative, and perseverance which has been typical of this year.

Fr. John Tyma, O.S.A., directs the program of studies and heads the Curriculum Council. As Director of Studies, he prepares student and teacher schedules and handles student registrations and records.

Fr. William Griffin, O.S.A., who is the school's disciplinarian, supervises student attendance and conduct. His office draws up regulations governing student behavior and determines suitable sanctions for violations.

Fr. Ronald Turcich, O.S.A., Director of Activities, coordinates various school events and activities. He directs the Homecoming Week-end, conducts student assemblies, and makes announcements for the school.

Fr. La Vern Flach, O.S.A., Guidance Director, coordinates guidance programs and watches student scholastic progress. His staff provides educational and vocational counseling and conducts testing programs.

Fr. Thomas Leo O.S.A., Director of Religious Activities, provides a program of spiritual growth for all students. Retreats, spiritual renewals, class Masses, and classroom instruction supplements this program.

Fr. Erwin Dodge, O.S.A., Director of Athletics, coordinates all athletic programs and schedules. He promotes school spirit among the students and accompanies the teams when they are engaged in competition.

## Science

# Research on Unknowns Plague 140 Chem Students

To motivate students towards inquiry, scientific research and independent study are the objectives of the Science Department. To develop these aims each science student was required to submit a science research paper on the topic of his choice. All "A" or "B" students were required to submit a project to coincide with their paper. Also all chemistry students were given different unknown solutions of chemicals to be analyzed through independent work and study. Experimentation on the unknowns, done after school hours and on week-ends, lasted from February to June. This length of time gave all the students ample number of hours to complete their work.

In the line of new books and equipment, the chemis-

try department purchased new centrifuges and a PH meter. New books, periodicals, and reference books in all fields of science were available to the students. To further the student's interest in science a new renovated Science Club, under the leadership of Mr. Thomas Wojcik, held various seminars and field trips.

With five modern science laboratories and a revised curriculum placing emphasis on inquiry and practical laboratory experience, the student prepared himself to think independently and to adjust to a demanding college program.

A record of 110 students entered projects in the annual Science Fair sponsored by the Science department. Over 30 projects qualified for the City Fair.

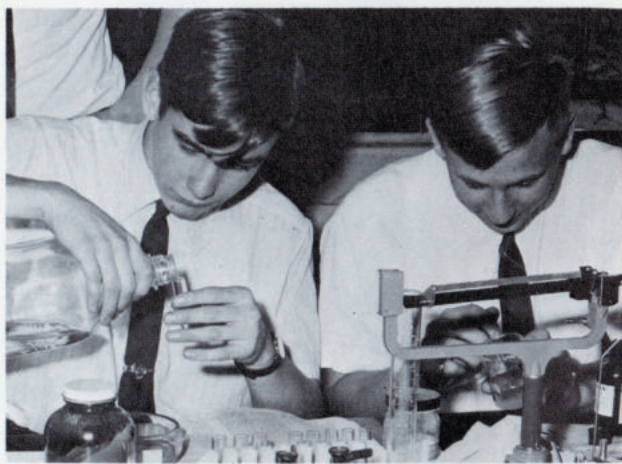

Barry Quane shows the caution and care necessary in handling volatile liquids during a qualitative analysis experiment.

Fr. Erwin Dodge, O.S.A., who first came to Mendel in 1961, teaches honors biology and is the Head of the Science department. He is currently the school's Athletic Moderator. His hobbies are music, skiing, and foreign travel.

Mr. Nicholas Camera, who has been at Mendel since 1959, teaches physical science and Algebra I and is the Assistant Director of Studies. He holds a B.S. degree from De Paul University. He also belongs to the Math Teachers Assoc.

To verify a theory, Jim Callahan and Les Sobol uses ethyl alcohol and crystalized iodine to test living cell reaction.

Mr. Jeremiah Hartmann received his B.S. degree from De Paul University and came to Mendel seventeen years ago. Presently he teaches physical science, and his spare time is occupied in the fields of art and music.

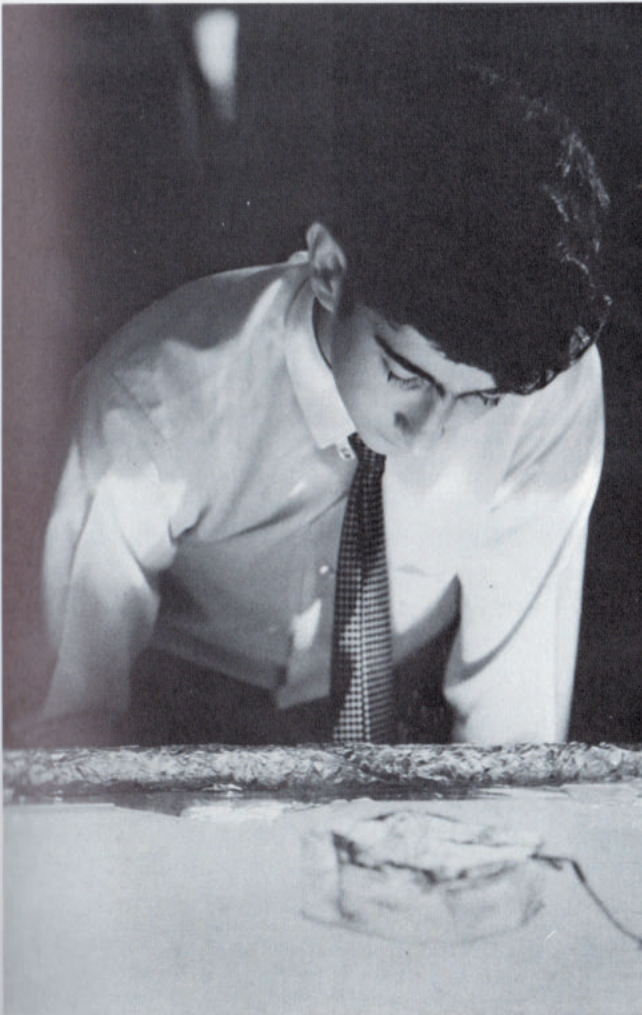

Mr. Donald Ledin came to Mendel in 1966 after receiving a B.A. degree in health from George Williams College. He teaches biology and also is an assistant disciplinarian. He is coach of the Junior Varsity Wrestling team.

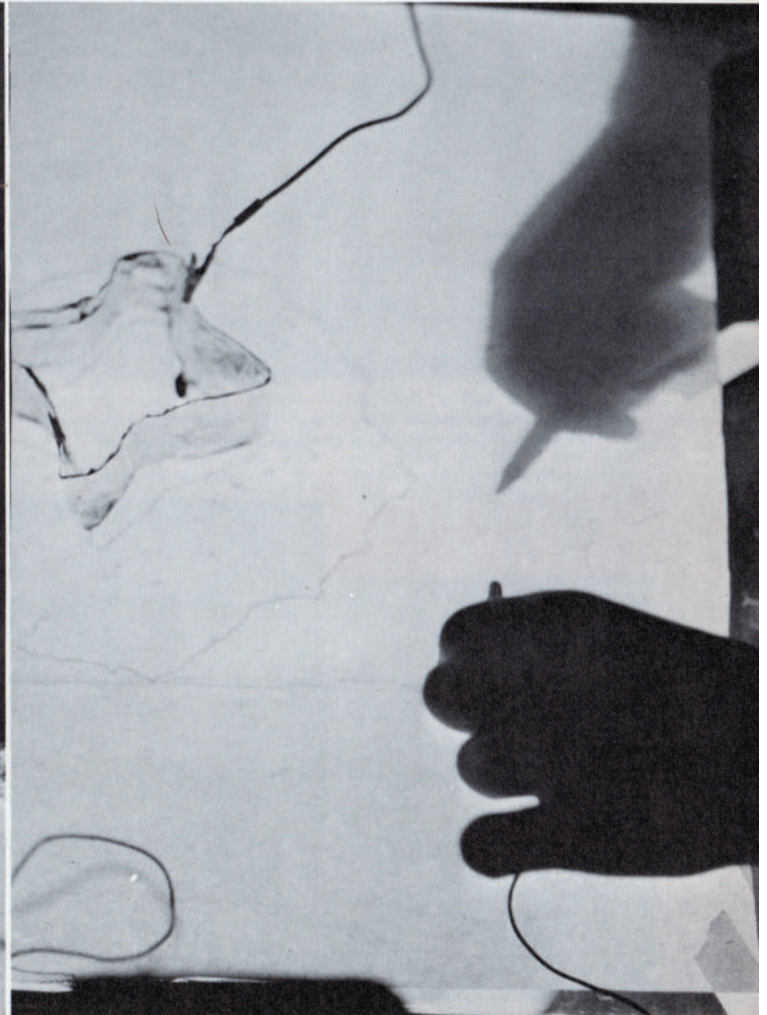

Mr. James McClintock, who has been at Mendel since 1953, received his Bachelor of Science degree from George Williams College. He teaches the yellow version of biology and his principal interests are found in golfing and fishing.

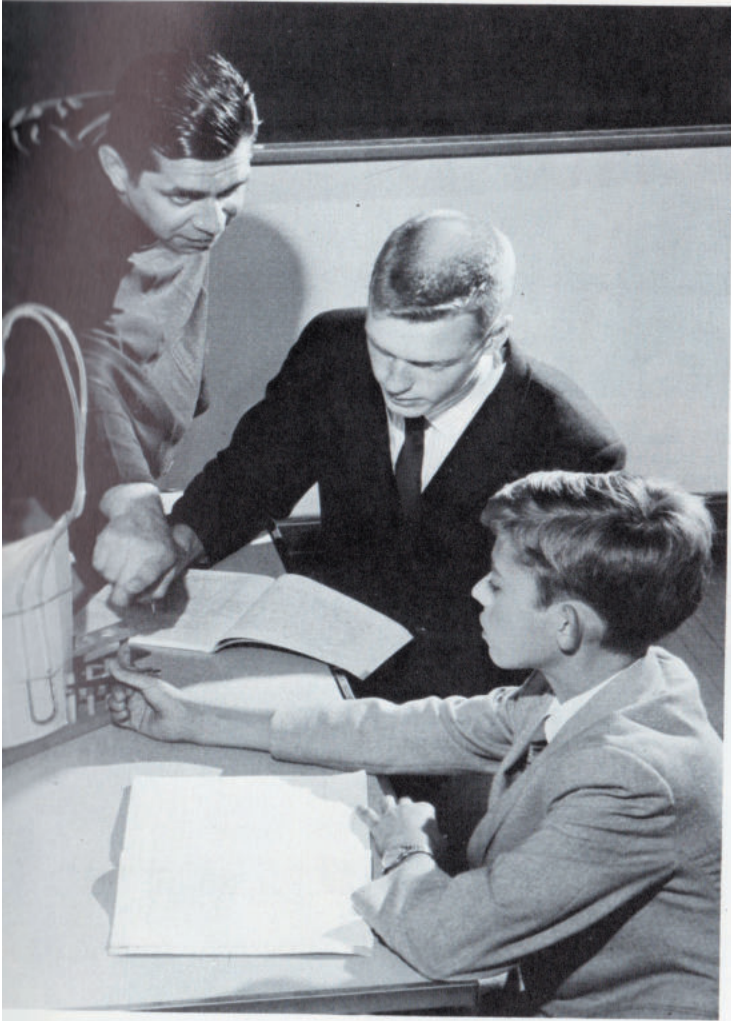

Mr. David McNamara holds a Bachelor of Science degree from Lewis College and is continuing his studies at the Illinois Institute of Technology. Coming here five years ago, he teaches chemistry to upperclassmen.

Specially formed aluminum foil placed in a ripple tank provides a field experiment for John Gatto, an advanced physics student.

John measures equipotential surfaces in the electric field around a charged conductor.

Fr. Erwin Dodge shows Mike Frigo and Bob Niedzwiecki how to read a manometer used in a photosynthesis experiment.

Dissecting appears to be an enjoyable task for Rich Kushner, who learns about the arrangement of a frog's internal organs.

Fr. Gerald Nicholas, O.S.A., came to Mendel last August after spending two years at Cascia Hall. Working towards a Master's degree at IIT, he teaches physics and Theology IV. His interests lie in radio and electronics.

Mr. John Ohner, O.S.A., teaches physical science. A graduate of Tolentine College, where he received his B.A. degree, he is studying at Catholic Theological Union. His special interests include semi-classical music.

Mr. Thomas Wojcik, O.S.A., began his third year of teaching last year. A graduate of Tolentine College, he takes classes at Catholic Theological Union and IIT. Besides teaching a class in physics, he co-moderates the Science Club.

Mathematics

# Teachers Increase in Number, Change Text Books

**Elementary Mathematical Analysis** by Herberg and Bristol and the recent editions of the Modern School Mathematics for **Geometry and Algebra 2 and Trigonometry** were the three new text books introduced this year. As in previous years there were thirty seniors, who besides taking mathematical analysis, took college calculus, which was taught a double period three days a week by a professor from Fenger Junior College.

As any student would have told you homework was a vital part of his participation in class. Teachers felt that the students must be prepared to participate in class the next day. This was generally done by the

students putting the problems on the blackboard. If any questions arose the teacher answered these, and then presented the next concept. Also to enhance the interests of senior students in higher mathematics, research papers were assigned to individual students who presented them to the class.

Three Mendel seniors Edward Hanley, James Hebda, and Brian Braglia entered the Loyola Mathematics contest. This contest was held at Loyola University last November for over 44 participating Catholic high schools from the Metropolitan Chicago and Northern Indiana area. Out of 132 participants, Brian Braglia captured a tenth place certificate.

Fr. La Vern Flach, O.S.A., in his second year at Mendel, received his M.A. degree from Villanova U. Head of the Math department, he teaches geometry and Algebra II, and is Guidance Director and Monarch Moderator.

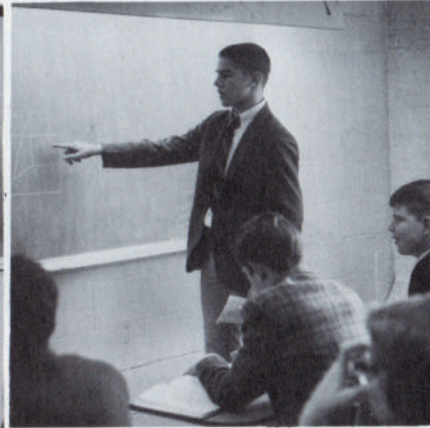

Mr. Bernard Brown, O.S.A., who came here last year, has a B.A. degree from Tolentine College. He teaches Algebra I and is active in adult C.C.D. His pastime includes art, especially ceramics and creative writing.

Mr. Charles Conway, an alumnus of Mendel, returns with a bachelor's degree in mathematics. In addition to teaching Algebra I, he continues teaching adult classes at Thornton. He maintains an interest in cycling.

Mr. Ronald Dodge, a newcomer to Mendel, teaches Algebra I and geometry. He earned a bachelor's degree from the University of Illinois. His principle interests include amateur radio operation and traveling.

Terry Brantley and Dan Coffey, using the format of geometric proof, write their work on the blackboard. Then step

by step, Dan explains his proof to the class, while Fr. Flach observes and has the class make any necessary corrections.

# Senior Math Students Present Papers to Class

Research papers were assigned to the seniors in mathematical analysis class. Here before the class and his teacher, Fr. Tyma,

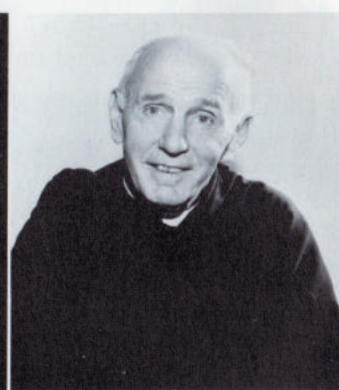

Mark Thacher presents his project on the function and mathematics of the slide rule with the help of an overhead projector.

Fr. Edward Griffin, O.S.A., who teaches Algebra I, earned a bachelor's degree from Niagara College. He also is Procurator of the school and the Monastery. His interests lie in the field of sports and in reading.

Mr. William Hamill, O.S.A., came to Mendel last year. He teaches mathematical analysis at Mendel and calculus at Tolentine College. Besides attending classes at C.T.U., he helps to coach the frosh football team.

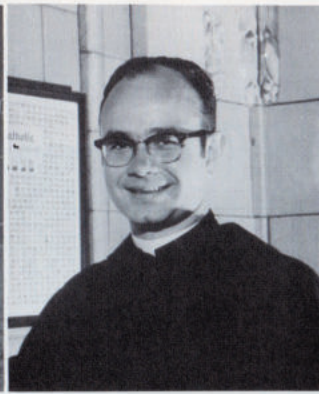

Fr. Joseph Hennessey, O.S.A., received his B.A. degree from Villanova University. He teaches Algebra II and has been at Mendel since its founding in 1951. He is the Mission Club Director and Junior Class moderator.

Mr. Thomas McGannon, a member of the math department since 1968, teaches college calculus to the seniors. He has a master's degree from Northwestern University, and he is also a teacher at Fenger Junior College.

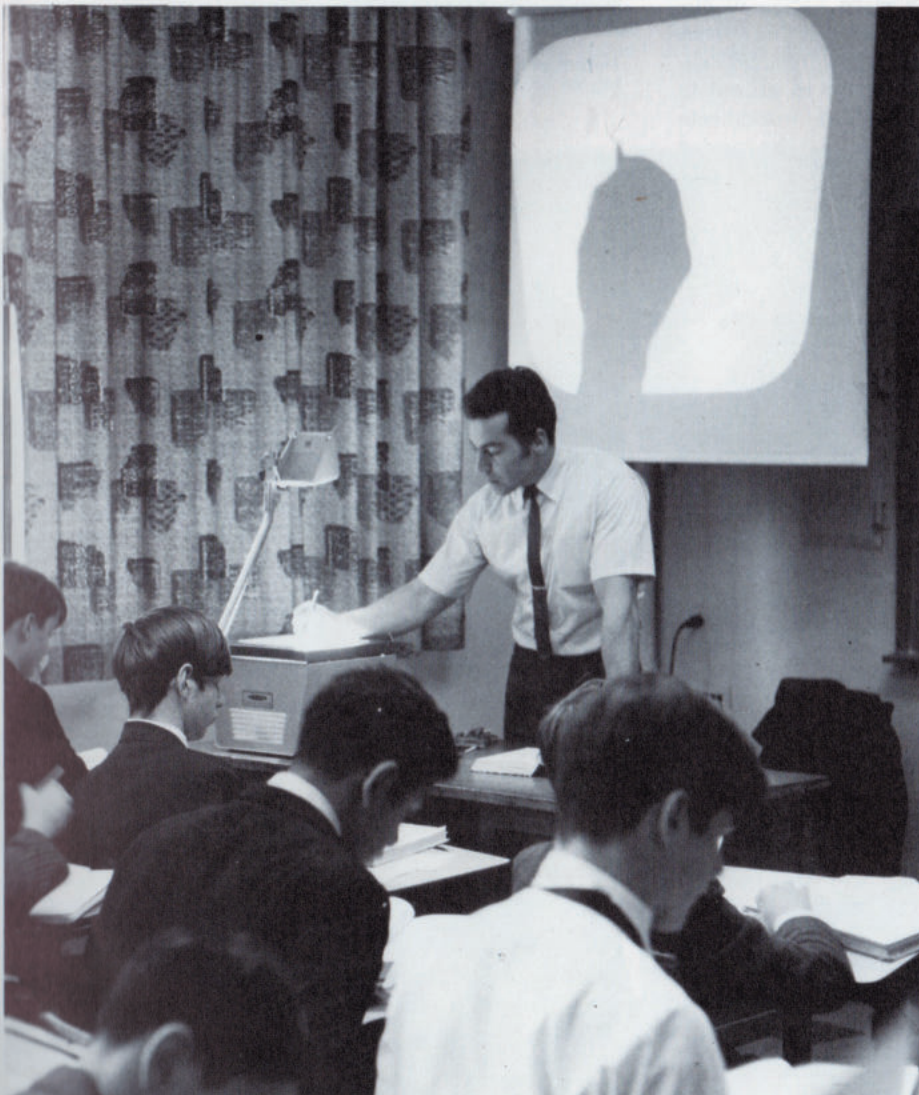

Mr. Savarimuthu Rayappan has been at Mendel since September, 1966. He received a bachelor of science degree from Loyola University of Chicago. He is currently teaching modern geometry and Algebra II.

Mr. James Thompson, O.S.A., is one of the newcomers. He has a bachelor's degree from Tolentine College and teaches Algebra I. He moderates the Y.C.S., and is a third year student at Catholic Theological Union.

Fr. John Tyma, O.S.A., who teaches mathematical analysis, arrived at Mendel in 1966. He has a master's degree from Villanova U. Besides being Director of Studies, he is the Moderator of the National Honor Society.

Freshmen of Section 9 watch the screen and their teacher, Mr. Conway, as he explains a problem in modern algebra.

Theology

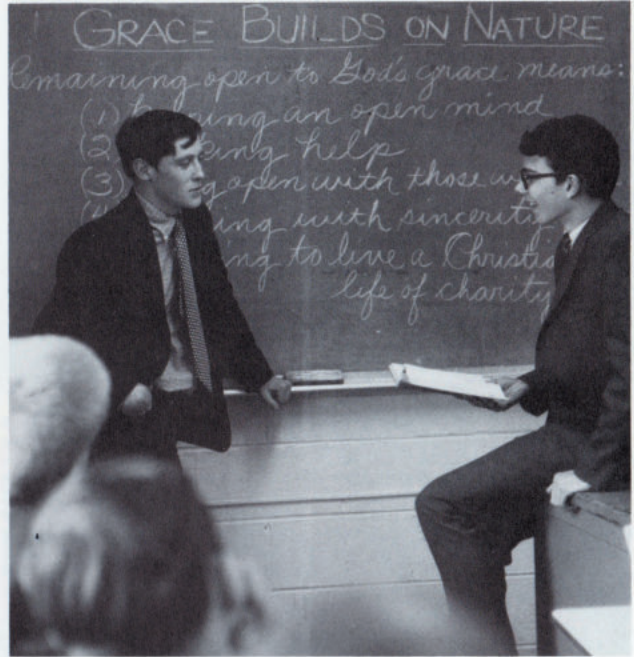

## *Additional Teachers Convey New Approaches*

In keeping with contemporary teaching methods, the theology department has instituted new approaches intended to develop student thinking and probe questions asked by today's youth.

The department has gained several additional teachers who have enlivened their classes with new outlooks, a new spirit, and fresh ideas. Lecture topics for these classes were taken from the new text books, **Youth in the Modern World** and **Man in the Modern World**. The lively discussions following the lectures helped to deepen the student's understanding of his religion. Through the sharing of their own ideas and experiences, the students became more aware of the importance of religious values in their every day lives.

Movies on contemporary topics were shown periodically to supplement classroom work and to stimulate student thought. The teachers provided worksheets for the students to record their reactions to the movies and to answer questions prepared by the department.

In addition to their regular class and homework assignments, the students were required to do several outside readings, to express their ideas through various art forms such as posters and collages, and to participate personally in the liturgy by developing the themes for their monthly class Masses.

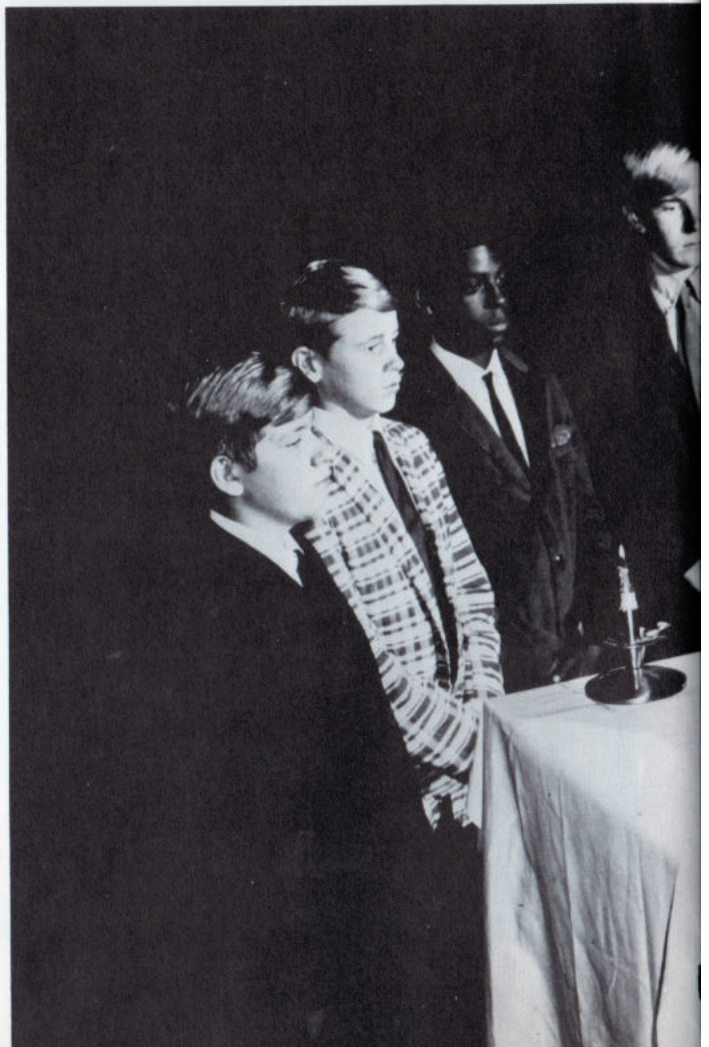

Definitions learned in grammar school take on a deeper meaning as John Herbick engages in a discussion with Joe Kotulski.

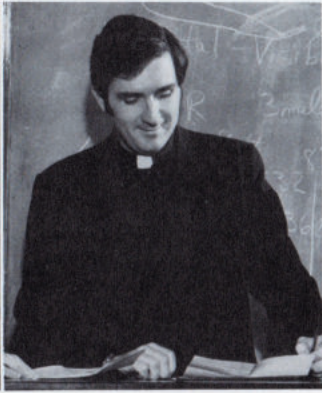

Assisted by John Crepeau, Fr. Francis Crawford distributes Holy Communion to John Oliaro during his silver jubilee Mass in May, 1969.

Members of Sections 4 participate in a Mass celebrated by their teacher, Fr. Leo. Occasionally students prepare the theme of the Mass.

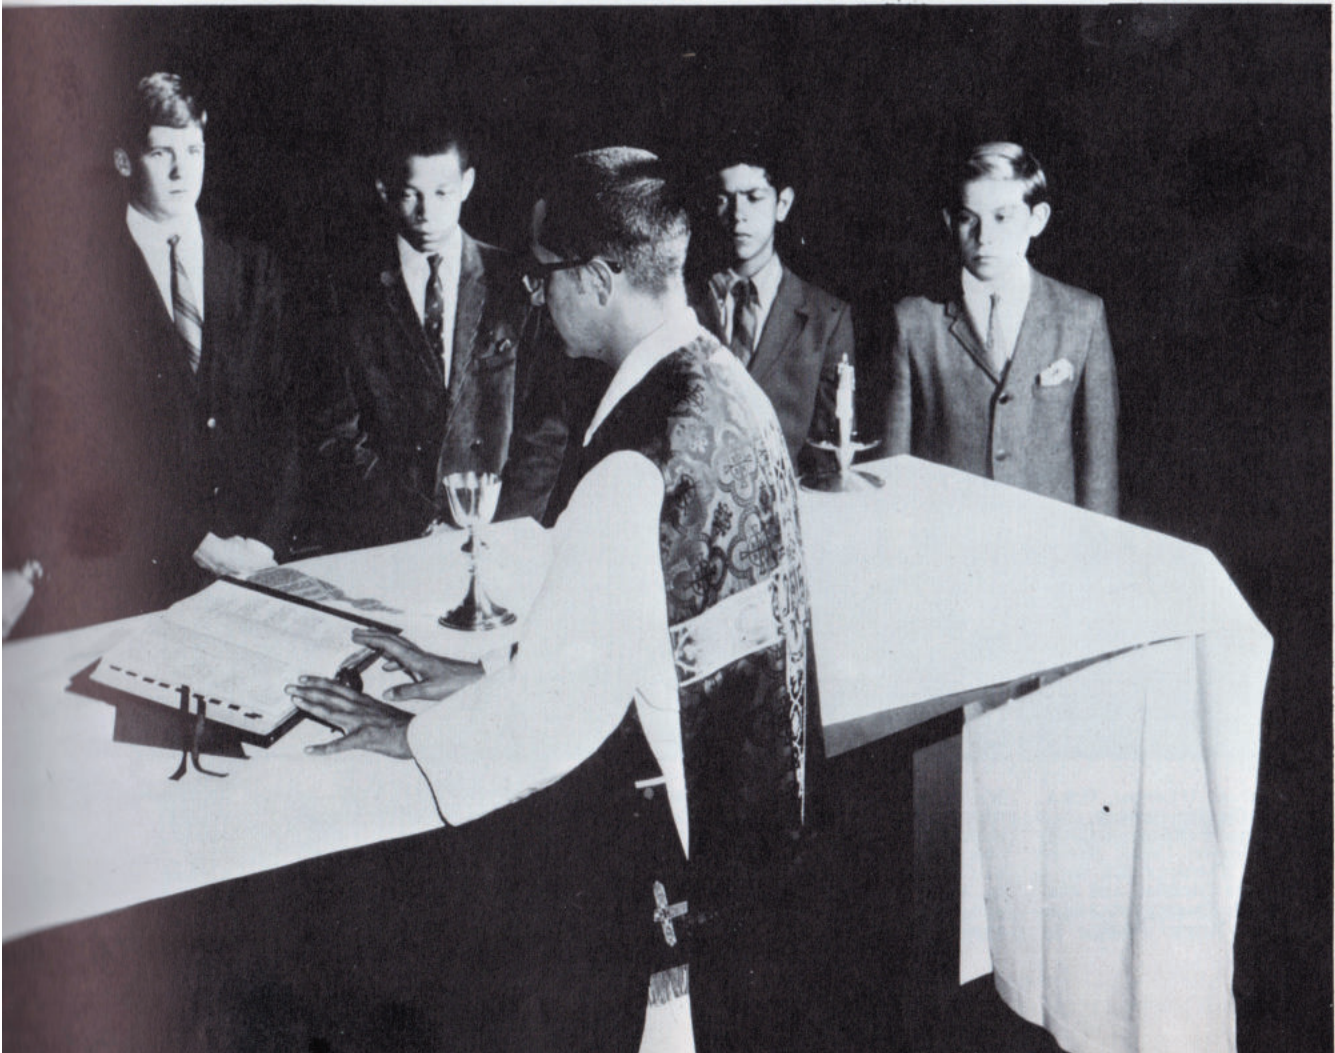

**Fr. Thomas Leo, O.S.A.**, who has completed his second year of teaching at Mendel, holds a master's degree in theology from Xavier College. He teaches Theology I and III, and an evening course in contemporary moral problems.

**Fr. James Connolly**, a diocesan priest, is a new member of Mendel's faculty. He graduated from St. Mary of the Lake Seminary and teaches theology to seniors. He lives at the rectory of Holy Name of Mary Parish.

**Mr. John Crepeau, O.S.A.**, arriving in 1969, had earned a bachelor's degree from Tolentine College. Besides attending theology classes at Catholic Theological Union, he teaches Theology III. His interests lie in catechetics.

In his junior theology class Mr. Crepeau clarifies a couple of points which were common errors on the last exam.

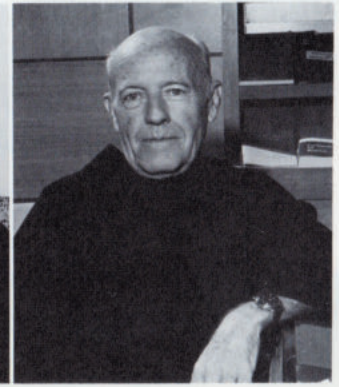

Fr. Thomas Kelly, an Associate Pastor of St. Catherine of Genoa Church, teaches Theology I. He holds a M.A. degree from St. Mary of the Lake Seminary and is in his first year at Mendel. His interests are golf and writing.

Fr. William Lyons, who received his master's degree from St. Mary of the Lake Seminary, came here in 1956. Besides being an Associate Pastor of St. Joachim Church, he teaches Theology IV at Mendel. His hobby is sports.

Fr. Thomas Martin, O.S.A., was ordained in December and is teaching here for the first time. He is a student at Catholic Theological Union and teaches Theology I and II at Mendel. He also helps out with the school band.

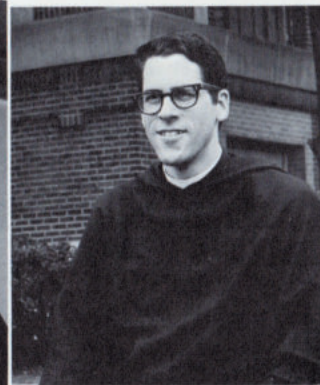

Fr. Bernard McConville, O.S.A., received his master's degree in philosophy from Villanova University. He is Administrative Assistant to the Principal and also directs many of the school's assemblies. He came here in 1956.

Mr. Michael O'Connor, O.S.A., a new faculty member, is a theologian studying at Catholic Theological Union. Besides teaching Theology III, he is a Vocation Director, and Moderator of Knights of Augustine and Mendel Spirit.

Mr. Patrick Quinn, O.S.A., who came here in 1969, has a bachelor's degree from Tolentine College. He is a student at Catholic Theological Union. In addition to teaching Theology II at Mendel, he coaches cross country.

Mr. Thomas Taylor, O.S.A., in his second year at Mendel, teaches Theology II and Spanish III. He graduated from Tolentine College earning a B.A. degree. He is Moderator of the Mendelian, and his interests lie in politics.

Fr. Edward Sullivan, O.S.A., a member of the faculty since 1958, holds a master's degree in sociology from Villanova University. Father is Sub-Prior of the Mendel Monastery, and he maintains a keen interest in sports.

Architectural Drawing

## Mr. Heersema Introduces Third Drawing Course

A new course, advanced architectural drawing, was introduced this year for the juniors and seniors. Specializing in developing techniques in architectural presentation drawings, this course was designed to help interested students to further their training of techniques used in industry.

Mr. Heersema, Chairman of the Technical Drawing department, set the year's goal as: to improve work production without diminishing quality. He felt that the installation of ink washes, the use of ink for the first time, and a new text book, **Architectural Drafting and Design**, by Ernest Weidhaas, were major factors towards achieving this goal.

Magazines such as **House and Home**, and **Professional Builder**, used by Mr. Heersema and the students, and a planned field trip to the John Hancock Center helped drawing students learn basic techniques.

Nick Rigoni received the third place award in the annual Illinois Institute of Technology Drafting Contest. There were 3,411 plates entries.

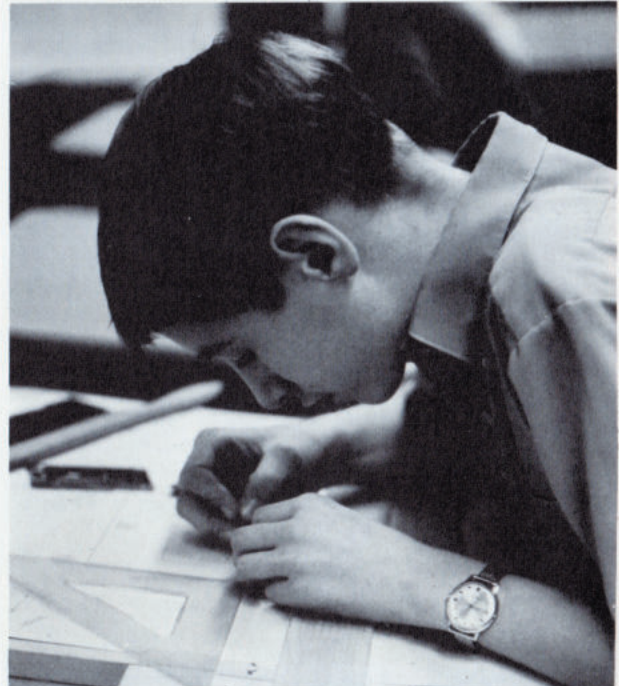

Mr. Robert Heersema, here since 1962, received his master's degree from Chicago State College. He teaches Technical Drawing I, II, and III. His interests are in Western America and Woodworking.

John Malesh, a sophomore drawing student, skillfully guides the pencil as he puts finishing touches on an elevation.

Sophomore Greg Carranza sharpens his hard lead pencil, while setting up his equipment to make a scale drawing.

Utilizing the skills attained by long and hard practice, Ricky Rozema brings to pencil out his assignment, **Floor Plan**.

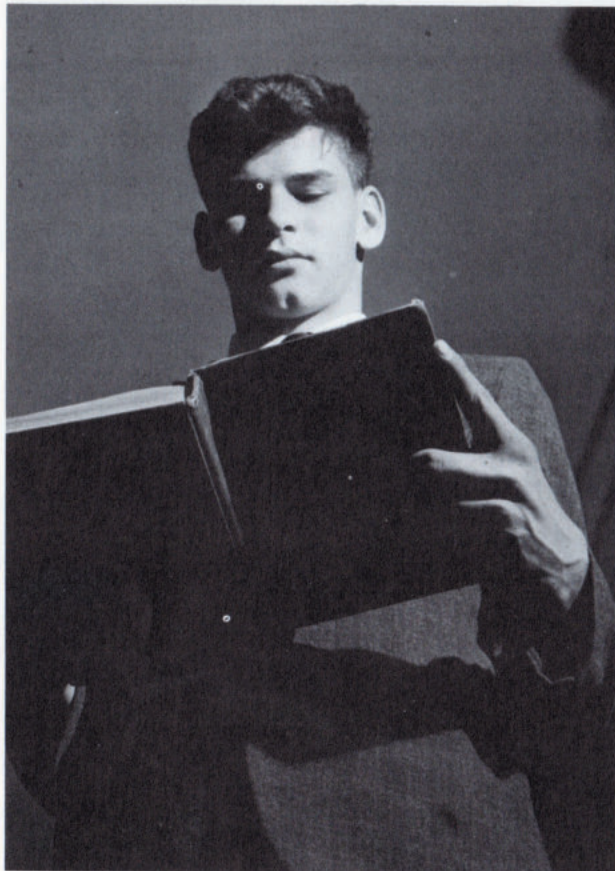

English

## *New Closed-Circuit TV Teaches Reading Course*

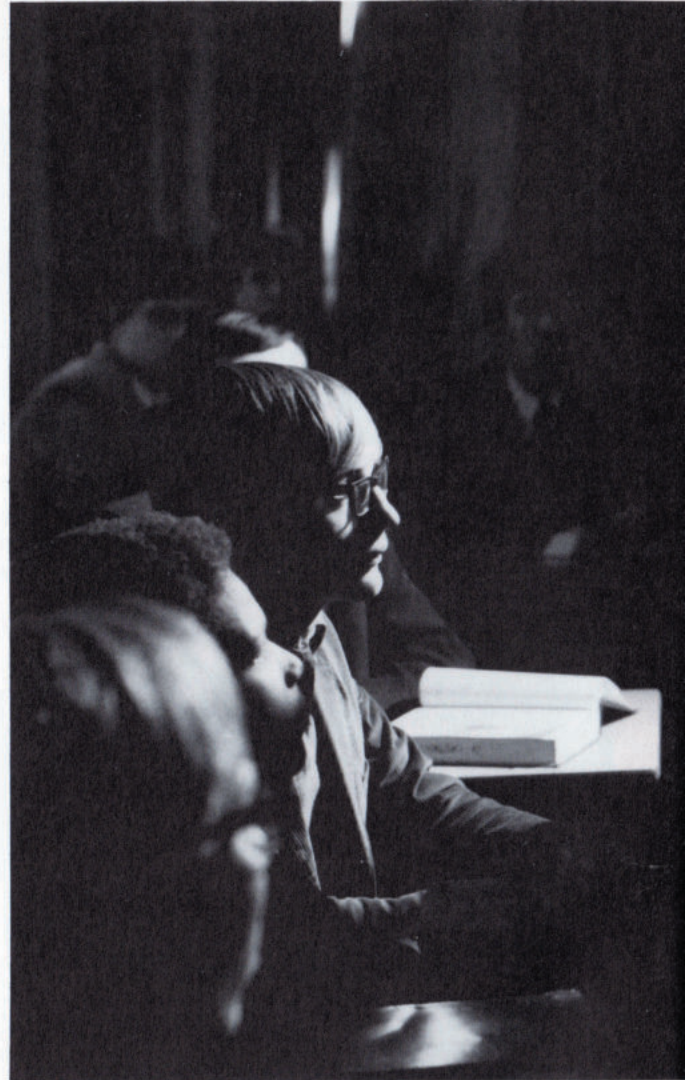

Appointed head of the English department last August, Mrs. Sise implemented a program which used the newly installed closed-circuit television. Lectures in the rapid reading course were transmitted into the class room by means of tapes played in the recording room. Lectures were heard twice weekly for a period of twelve weeks to improve student's reading skills.

Special lectures in grammar and literature heard over television stations were recorded and used in the classroom. Students also enjoyed taping their voices and then listening to themselves and evaluating their own speaking abilities.

A journalism course was added to the curriculum as a special elective for the upperclassmen. Taught by Mr. Wojciechowski, the class covered all areas of mass media, and the students gained practical experience by working for the school newspaper, **The Mendelian**.

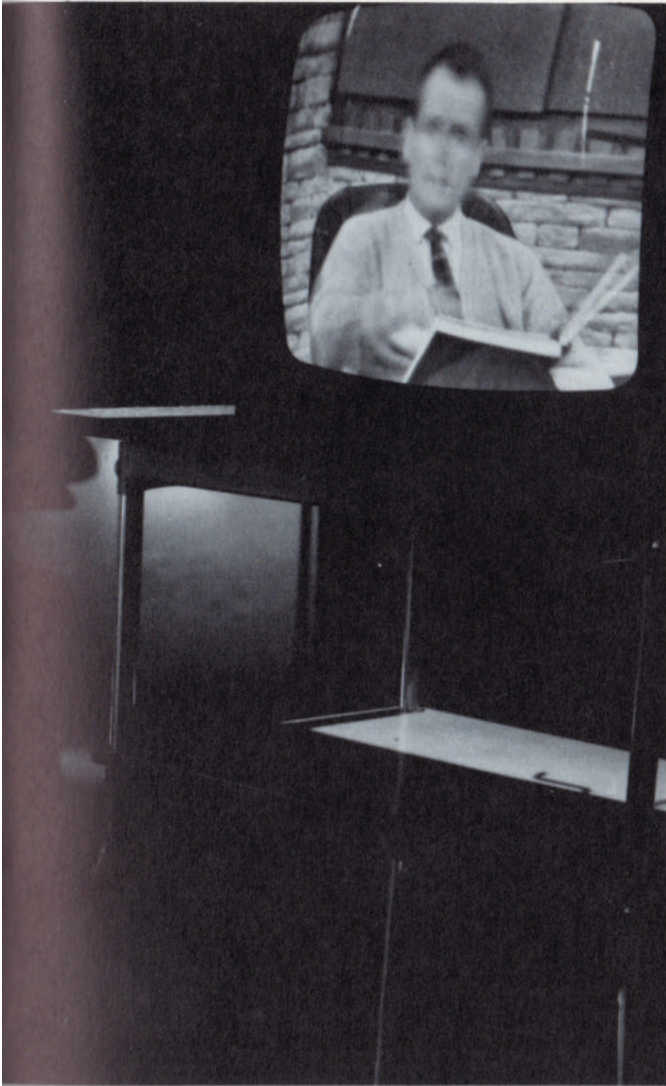

Bill McNicholas, a sophomore literature student, shivers while reading Edgar A. Poe's *Cask of Amantlado* to the class.

Mrs. Sheila Sise has been teaching at Mendel since 1967. Presently she is teaching English III and IV. She graduated from Loretta Heights College with a bachelor's degree. She is the English department Head.

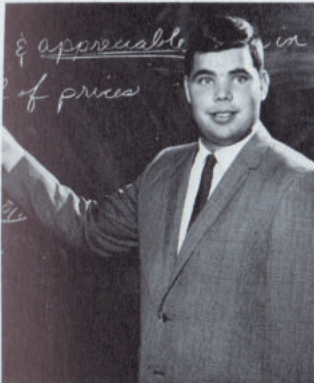

Mr. William Biros, a newcomer to the Mendel campus, received a B.A. degree from St. Joseph's College in Indiana. Teaching English II and III, he is also the Coach for the flyweight and bantamweight basketball teams.

**William Cox, a junior, practices the art of public speaking which was incorporated into the English classes by the teachers.**

**Enjoying the closed-circuit television, seniors Bob Gronowski, Obie Reed, and Greg Van Haren learn about the Roman calendar.**

**Mr. Patrick Durkin, a graduate of Mendel, returned in 1967 as a teacher. He teaches English I and business. He received his bachelor's degree from South Dakota State. He also is an assistant football coach.**

**Miss Maureen McCormack arrived on the Mendel campus as a teacher last September. Receiving a M.A. degree in English from the University of Illinois, she teaches English I and III. Her favorite sport is skiing.**

**Mr. Richard McGrath, O.S.A., teaches freshman English and this is his first year here. He holds a B.A. degree from Tolentine College, and is Moderator of the debate and forensics teams. He is a student at C.T.U.**

**Sister Adelene Nyholt, O.S.F., holds a master's degree in education from DePaul University. Coming to Mendel last September, she is currently teaching English I. She maintains an interest in art and reading.**

Mr. Michael Sheahan, a graduate of Mendel, returned here to teach in 1967 with a B.A. degree in history from St. Joseph College. He teaches English II and is Head Basketball Coach and an assistant football coach.

Mr. Michael Sise attended Regis College in Colorado, where he received his bachelor's degree. He came to Mendel in 1968, and he teaches English III and IV. He himself is an enthusiastic reader of literature.

Mr. Kenneth Wojciechowski returns as a teacher of English I and III and journalism. He graduated from Mendel in 1960, and has a B.A. degree from University of Dayton. He is the Frosh-Soph Baseball Coach.

Group writing technique is used by Rich Quinn, Bob Gas, and Den Panozzo, in which each student analyzes each other's theme.

### Languages

## *German III, French IV Become New Offerings*

Advanced classes of German III and French IV were added to the language department, while Latin I was dropped because of disinterest and poor enrollment. The goal of the department was to initiate gradually a four year program in each language.

To aid the students in their studies, new books, **Im Wandel Der Jahre**, **Vivir Y Conocer**, and **ALM French Level One**, replaced the outdated ones. The use of language tapes and recorders assisted the teachers in precipitating informal classroom conversation and dialogue while learning the necessary grammar and vocabulary.

Grammar was assigned each day as homework and discussed the following day in class. Not only did this enable the students to learn the practical use of the language, but also helped them to understand the English language.

Outside of the classroom activity, there were occasional plays and movies to view and various field trips to visit museums in the Chicagoland area.

To help the students in their study and pronunciation of Spanish, Mr. Sola has the class recite Spanish passages for him.

Mr. Oscar Sola, a Mendel alumnus of 1961, returned here in 1967. Presently working on his master's degree, he holds a B.A. degree in Spanish from DePaul U. He teaches Spanish I and II and is Head of this department.

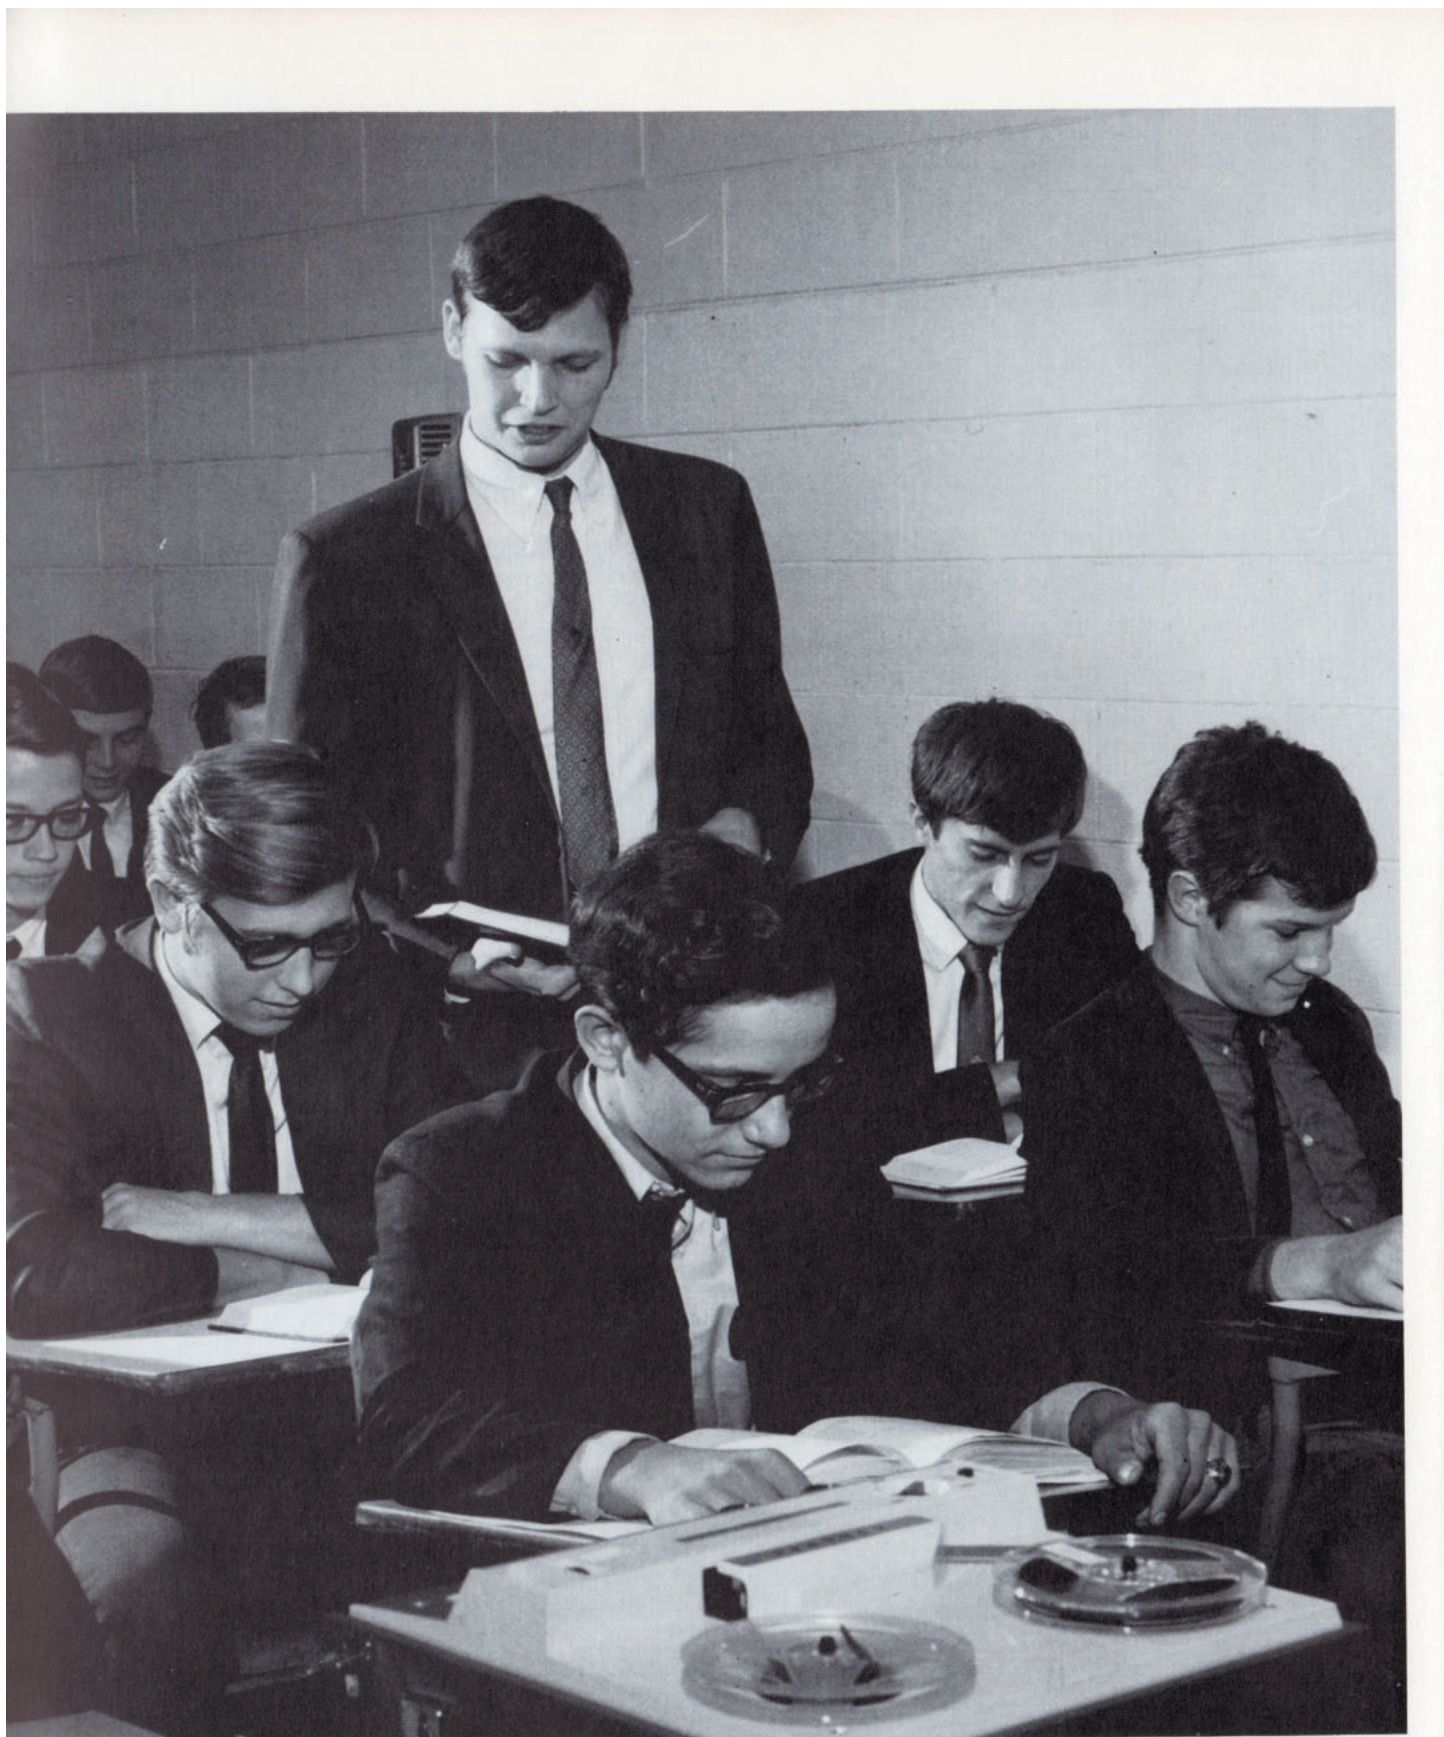

Mr. Kenneth Delaney has been here at Mendel for sixteen years. He holds a bachelor's degree from DePaul U. and is teaching Spanish I and II. His favorite pastime is athletic contests, especially baseball and football.

Fr. Karl Gersbach, O.S.A., a former Mendel teacher, returned last year as Director of the Theologians. He also is studying and writing a thesis for a doctoral degree in classical languages at Chicago University.

Fr. William Griffin, O.S.A., has been at Mendel since 1964 and holds a Master of Arts Degree from Augustinian College. He teaches French I and Latin II, and is the school's disciplinarian. He enjoys sports and music.

Mr. Helm's students. Joseph Kurek, Lawrence Rydzewski, and James McGarigle discover that correct pronunciation of German is equally important as learning grammar and vocabulary.

## *Language Students Enjoy Dialogues, Plays, Movies*

Advanced French IV students, Rick Stenquist, Mike Milak, Ned Covic, and Mike Kwiecien, who comprise the smallest

language class in the school, engage in an informal discussion on French literature with their teacher, Mrs. Francine Schroeder.

Mr. Wilbur Helms, a Mendel graduate, is teaching German I, II, and III. He has an associate degree from the University of Munich and a Bachelor of Science degree from Chicago State College. He came here in 1967.

Fr. Thomas Nash, O.S.A., is currently teaching Theology I and II and Spanish II. He came to Mendel for the second time in 1967, and he has a master's degree in sociology from Catholic U. He has an interest in writing.

Mrs. Francine Schroeder, who teaches French II and III, became a member of the language department three years ago. She received a Bachelor of Arts degree from Mundelein College. She maintains an interest in drama.

## *New Afro-American Unit Expands History Courses*

Building upon the aims of creating a Liberal Arts program, an Afro-American History unit was added to courses of United States History and World Problems. The department's curriculum also included an accelerated course in European History as well as special topics of an ethnic nature in other courses.

As an aid to the students, the teachers utilized new maps, filmstrips, reference books and the magazines such as **Journal of Modern History** and **Journal of Foreign Affairs** to make the social studies courses more interesting.

Seminar procedures, college-level paperback reading program, and political speakers have helped the students to develop a greater sense of civic and political awareness. Such techniques were employed in the World Problems and U. S. History courses.

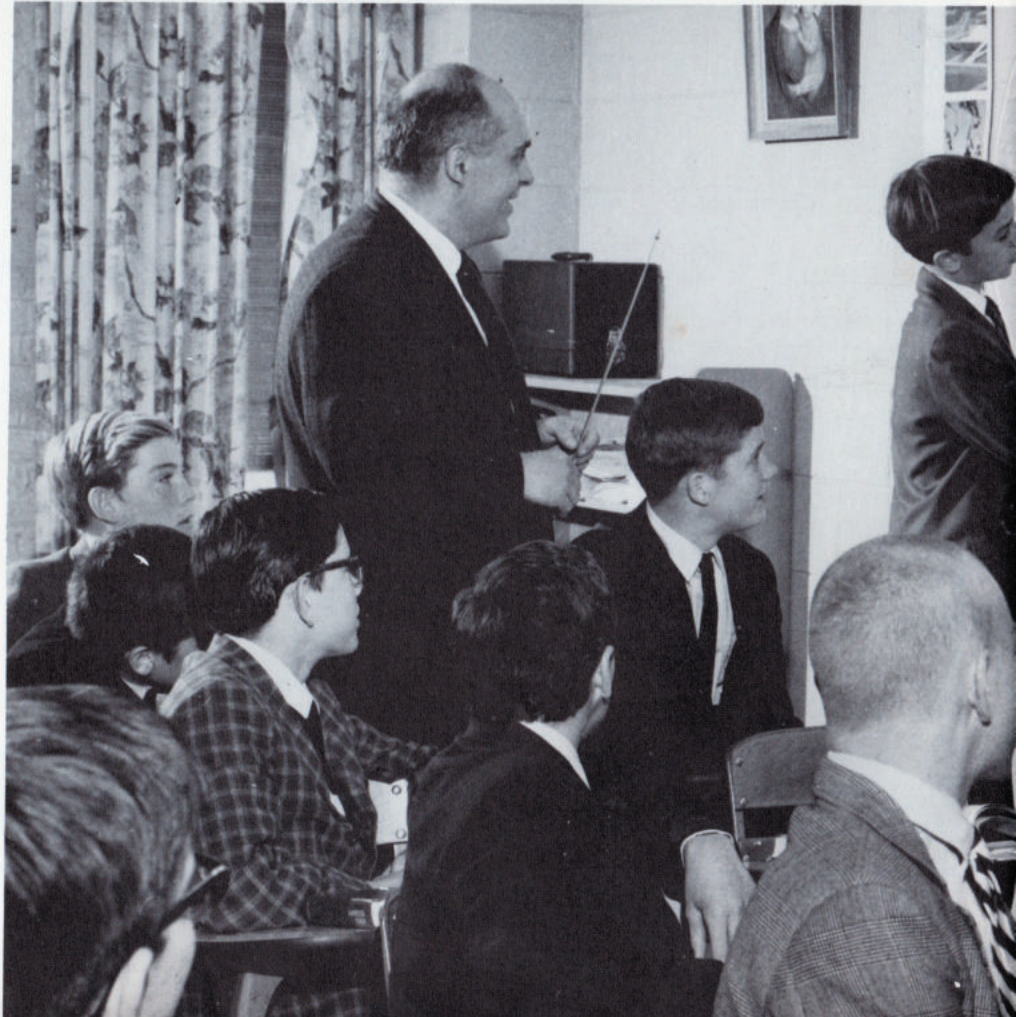

One of the speakers was an elected candidate for the Illinois Constitution convention. Ted Borek explained to the students the importance and the effect that the Constitution and the Convention would have upon every citizen of the State of Illinois.

Thomas Valente, under the direction of Mr. Provencher, explains to the class the geographical and mineral conditions of the coast of Peru and Chile.

Mr. Dominic Miccolis, who started teaching at Mendel in 1966, received his M.A. degree from Roosevelt U. He is presently Chairman of the Social Studies department, and is teaching World History and U.S. History II.

Fr. James Flynn, O.S.A., is currently teaching civics. His highest degree received is a M.A. in history from Catholic University. He has been teaching at Mendel for the past eight years. His hobby is sports.

A geography student, Freshman Bob Wilmsen takes a close-up view of the major land masses governing the world.

To draw attention and also to view all parts of the world, Eric Brown examines a Mercator map projection transparency.

Mr. William Hennessy, who is an alumnus of Mendel, began teaching here in 1966. He received his B.S. degree from the University of Illinois, and is teaching U.S. History I. One of his special interests is in sports.

Mr. Raymond Janulis, who has been teaching at Mendel for eleven years, received his bachelor degree in social studies from Valparaiso University. He is teaching U.S. History I. One of his hobbies is woodworking.

Mr. Charles Le Rose, who came to Mendel in 1962, is an alumnus of the Class of '57. He has a master's degree, and he teaches sociology. His activities include writing, music, and active membership in Knights of Columbus.

Fr. Donald Lewandowski, O.S.A., a 1961 alumnus of Mendel, is in his first year of teaching. He teaches sociology, and has a bachelor's degree. He is an assistant freshman football coach, and attends classes at C.T.U.

Head of the Social Studies department, Mr. Miccolis listens to a question posed by a student in World History class.

Richard Kasalo and Ross Rosetti learn the history of the flags that contributed to the making of our great United States.

Jim Grande and Art Carey show some examples of Renaissance art to Mr. William Hennessy's class in art appreciation.

Mr. Melvin Provencher, who supplements his lectures by films, teaches world geography and civics. He received his Bachelor of Science degree from University of Illinois. His special interests are music and art.

Mr. James Riordan, a Mendel graduate, came here in 1967 with a M.A. degree in history from DePaul University. He teaches United States History, World History, and is the Head Coach for the freshman football team.

Dr. Francis Simal, who has a Ph.D. from Loyola University, began teaching elementary psychology to Mendel juniors and seniors in 1969. He also teaches psychology at Fenger Junior College. His favorite sport is skiing.

Dr. Theodore Thalassimos began teaching at Mendel in 1968. He teaches College European History and has a Ph.D. from the University of Chicago. He also teaches at Fenger Junior College, and enjoys gardening.

Fr. John Timms, O.S.A., has a master's degree in social studies from the Catholic University. He teaches United States History and Theology I. He came to Mendel in 1965, and holds an interest in sports.

Dr. Howard White, who came to Mendel last year, teaches Sociology 201 to the seniors. He has a Ph.D. from U. of Kansas and teaches at the Fenger Branch of Chicago City College. His special interest is music.

Data Processing

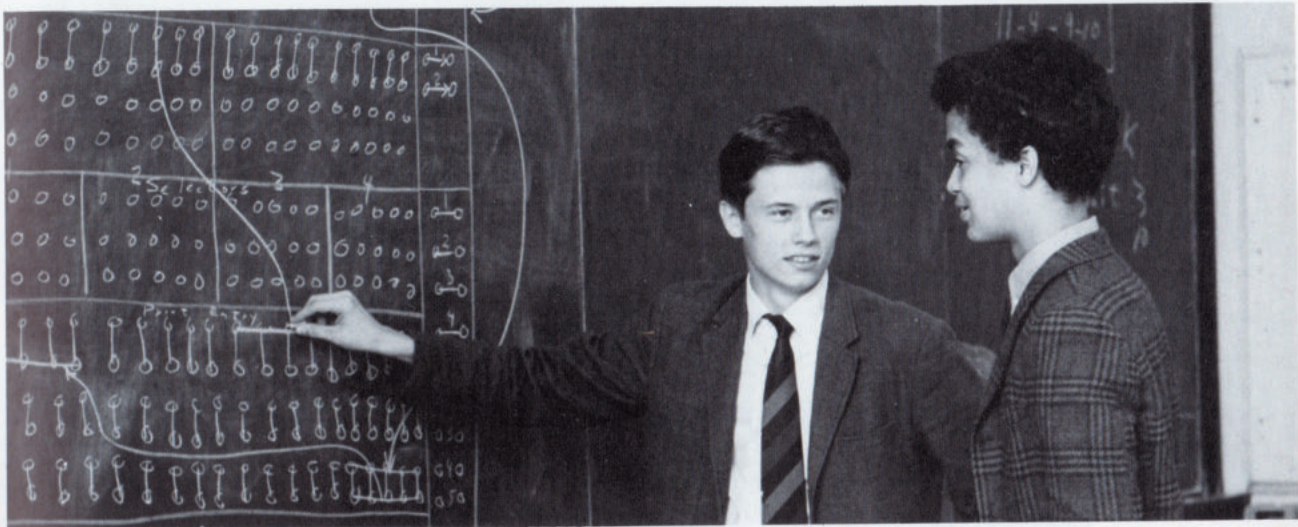

## Fr. Kret Teaches Key-Punch Course in Evening

Adults of Roseland and neighboring communities enrolled in an evening course in Key-Punch Operation which was taught each semester by Fr. John Kret, Chairman of the Data Processing department. Key-punch operation was also taught to the fifty-five Mendel students, who have been learning the principles of data processing. On account of the increased enrollment and the desire of the students to learn to operate various machines, four additional key-punches were obtained to supplement Mendel's equipment.

A new textbook, *Automated Office Practice* by Wandous has provided a better approach to data processing; therefore demands of time and study upon the students were greater.

Once the student has grasped the theory of information processing, he then learns the operation of key-punches, sorters, and accounting machines.

In addition to teaching, student schedules, report cards, tuition billing, information and other services were provided for the school.

To wire a control panel properly, mastery of the principles of wiring is necessary. Joyfully Senior Don Stankus uses the

blackboard diagram to explain to Kesley Stone, a junior, the wiring for printing information on top of an I.B.M. card.

Fr. John Kret, O.S.A., who teaches data processing and key-punch operation, has been here since 1962. He has a master's degree from Villanova University. Father is the Moderator of the band and has special interest in music.

Brother Martin Provenzano, O.S.A., is an assistant in the data processing office. He came to Mendel in 1969, and is working towards a degree in business administration at DePaul University. His hobbies include music and golf.

Anxious to see the results of his wiring, Gerard Joria inserts the control panel in the 402 accounting machine.

Business

# Typing Students Learn Key-Punch Operation

A new key-punch was added to the business department to enable the students to acquire the skills of computer programming. After the students have become efficient in typing, then they begin practicing on the key-punch. Also twenty new typewriters were purchased for the department.

Among the special courses offered were accounting, advertising, and consumer economics. Some of the activities of the department were field trips to the

I.B.M. Corporation and Automation, Inc. in Chicago.

The department subscribed to several magazines and publications which provided material for students working on research papers. The **Business World** and **Consumer Report** were the more popular magazines used among the students.

Rev. Ronald Turcich, O.S.A., the department chairman, said that the objective this year was "to educate the students in business skills."

Aiming towards speed and accuracy, Dennis St. Leger practices punching I.B.M. cards on a newly acquired key-punch machine.

William McCormick examines an advertising magazine which is used by the students in their marketing and advertising class.

Fr. Ronald Turcich, O.S.A., here 12 years, has master's degrees from DePaul and Notre Dame Universities. Besides teaching typing, he is Activities Director, and moderates the Parents' Club, Cheerleaders, and bowling.

Mr. Peter Andreotti, who is a Mendel graduate, returned four years ago. A Notre Dame graduate with a major in economics, he teaches economics and marketing and advertising. He is the Athletic Director of the school.

Mr. Paul Dion came to Mendel in 1969. He graduated from St. Joseph College with a bachelor's degree in financing. He teaches advertising and accounting and has a special interest in the stock market and politics.

Combining textbook theory with practical application, Bruce Harris and Bohdan Chomko study about the banks in Illinois.

John Stevenson and Dennis Skarupa increase their typing speed and improve their accuracy through repeated one and five minute drills.

Physical Education

# Gym Teachers Institute New Testing Program

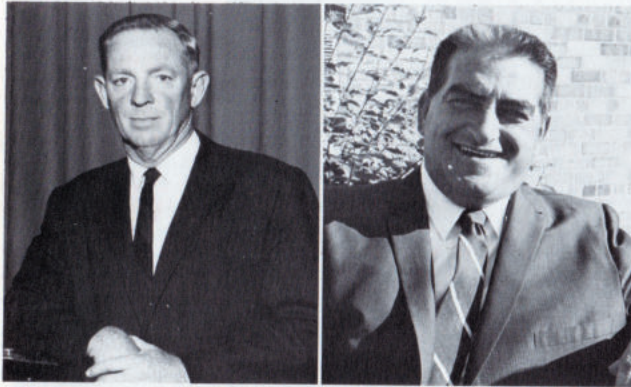

A comprehensive grade, given to all students, after being tested on their strength, coordination, and endurance, was a new addition to Mendel's Physical Education Department. Mr. James Diamond is the Director of this program.

The program has enhanced a balanced class of calisthenics and team sports which has been an effective part of the gym classes.

To promote a team spirit through intramural sports,

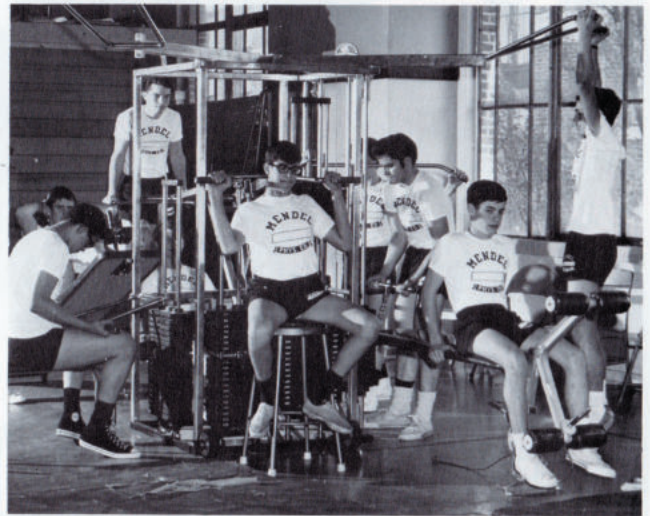

students participated in a varied program of basketball, volleyball, and wrestling. Various sections formed and competed to gain the intramural championship. Such a program was instituted for the physical development of the non-athletic students.

Mr. Diamond, who is the Physical Education Coordinator of the Augustinian Secondary schools system, said, "We are trying to make the student aware of his own physical fitness and well being."

Mr. James Diamond, head of the Physical Education department, came to Mendel in 1959 with a bachelor's degree from DePaul University. He promotes an interest in all Mendel activities, and is the Coach of the Varsity Golf team.

Mr. Louis Guida, in his twelfth year at Mendel, is the Head Coach of the Varsity Football team, and also Coach of the Wrestling team. He has a bachelor's degree from So. Dakota State College, and has guided our teams to many victories.

Gym students enjoy working out on the Exercise Machine, which accommodates eight at a time and exercises every muscle.

"Keep your backs and arms straight" is the exclaim of the gym teacher as freshmen keep time in a calisthenic exercise.

Before a job is finished in the business office, Mrs. Ann Grapenthin is given another work assignment by the Director of

Studies, Fr. John Tyma. Her various tasks during the day include filing forms, typing records, and counting money.

## *Personnel Assists School in Various Capacities*

Mrs. Gwen Dunphy, entering her eighteenth year at Mendel, is Secretary to the Principal. Her son is a Mendel graduate, and she has an avid interest in the theater.

Fr. Gerard Garcia, O.S.A., is a student from Ecuador. He is a graduate from Tolentine College, and plans to return to Ecuador upon completion of his theological studies.

Mrs. Stella Gasperec is the Bookstore Manager and Supervisor of the audio-visual materials. She is the mother of a Mendel graduate. She assists in the business office.

Mrs. Ann Grapenthin is a clerk in the school's business office. She has been at Mendel for thirteen years, and three of her four children are graduates of Mendel.

Miss Marion Kerrigan came to Mendel in 1951 as the school's registrar. She belongs to the Daughters of Isabella, and maintains an interest in bowling and club work.

Mr. William Kerrigan is the School Accountant and Bookkeeper and Procurator's Assistant. He attended Chicago U., and has been here since 1956. His chief interest is golf.

Mrs. Ann Loewig is the Secretary to the schools' disciplinarian. She began work at Mendel in 1961, and she is the mother of a daughter, Carole, and a son, Kurt.

Mrs. Inez Parker, the mother of two children, one of whom is a junior at Mendel, is Secretary of the Alumni Association and the Activities office.

## Library Aids, Guidance Benefit 1240 Students

Four hundred and fifty new books found their way to the stacks this year, and ultimately fell into the hands of students, who read, studied, and did research work in the quiet atmosphere of the Library. Totalling almost nine thousand books, the Library houses seven hundred and fifty reference volumes.

In the guidance department, Mr. Flesher helped the seniors and juniors to solve their problems concerning college. He also set up interviews with college representatives. The College Entrance Viewdeck, new this year, helped the seniors select the college that met their specifications and needs. Besides supervising testing programs and offering vocational guidance, Frs. Flach and Durant interviewed the freshmen and sophomores.

Miss Dean Oedzes is one of Mendel's librarians. She came to that office fifteen years ago. She has attended St. Xavier College and also Roosevelt University in Chicago.

Mrs. Millie Prevost, a librarian at Mendel, has B.A. degree from DePaul U. She is a Past President of the Parent's Club, and has one son who attends Mendel and one an alumnus.

Dan Boho spends part of his lunch period in the stacks searching for facts and information to complete his English term paper.

Fr. Albert Durant, O.S.A., is one of our guidance counselors. He received a Master's degree in English from Catholic U. He came here in 1956, and drama is his chief interest.

Mr. Raymond Flesher is Mendel's College Counselor. He came here in 1965 with a Master's degree in education from DePaul University. He is also Moderator of our Chess Club.

Mr. Dominic Piane, who heads the Music department, directs both the Marching and Concert bands. He earned his Bachelor of Music degree from Vandercook School of Music.

Brother Patrick, O.S.A., came to Mendel eight years ago. He is the Sacristan of the Monastery and a switchboard operator. During his leisure time he enjoys football.

# Mrs. James Noonan Joins Cafeteria Staff

Mr. Leo Lindbloom is the founder and manager of our cafeteria. He has an honorary membership in the Parent's Club. He maintains an avid interest in school activities.

Mr. Francis Bemis, the general overseer of the cafeteria, is a graduate of Blue Island High School. He has been at Mendel for 13 years. He is the father of four children.

Mr. Michael Hickey joined the cafeteria staff in 1957. A few of his duties are making milk shakes and mashed potatoes. He has seven children, and his hobby is fishing.

Mrs. Margaret Anderson has been working in the Mendel cafeteria since 1967. She is very active in church and club work, and is the mother of two sons and two daughters.

Mrs. Angeline Cavaliere, who has been working here since 1958, manages the steam tables. The mother of one daughter, Mrs. Cavaliere enjoys knitting and sewing.

Mrs. Jeanne Gahan has worked in the cafeteria since 1963. She is a graduate of Longwood Academy. Three of her sons graduated from Mendel, and a fourth is a junior.

Mrs. Ellen Hickey, the mother of five, two of them Mendel students, started working in our cafeteria in 1967. She is interested in sports, especially football at Mendel.

Mrs. James Noonan is a newcomer to Mendel's cafeteria this year. She is the mother of two teenage sons, Daniel and Kevin. She maintains an interest in sports.

Mrs. Therese Pentel, who has been working in the cafeteria for seven years, cooks and helps with the serving. She has four children, two of whom are Mendel graduates.

Mrs. Georgie Quinn, who joined the cafeteria staff three years ago, helps with the serving of food. She has six children, two of whom are graduates of Mendel Catholic.

Mrs. Charmaine Valente has been working in the cafeteria since 1966. She has a son who is three years old, and her special interests include writing and sewing.

Robert Barker, David Novak, and Eugene Brunderman assist the Manager of the cafeteria. After school they wash the tops of the tables and sweep and mop the floor.

Student Life

# STAND UP

*The man of 1970 can no longer be a sideline spectator. No longer can he stand aloof and idly watch his ever-moving, ever-changing world. Muscle pitted against muscle on the gridiron, the band demonstrating the talent of youth, debaters arguing the vital issues of the day—everywhere is the unending struggle to break the barriers of ignorance, to move ever forward. The graduate of 1970 in his complex world must STAND UP.*

# SPORTS

The athletic horizon at Mendel was never brighter than for the school year of 1969-70. The city championship football team of '68 had returned a whole host of battle-trained veterans, and they lived up to all their promise. Only two games were lost in the entire season, both to the same opponent, Loyola. Sad feature was, the second time we lost was for the Catholic League Championship. The wrestlers opened with a fifth consecutive victory in the Mike Murphy Tournament. Their sights are set on another city championship. Under their new coach, Mike Sheahan, the Varsity and J.V. teams show great promise on the basis of an outstanding pre-season record. More and more college scouts are putting in appearances at Mendel athletic contests. For some, not so very strange reason, they like the type of athlete and student to be found on the Monarch campus.

**Harriers** Audley Mackel, Rudolph Pesut, Alton Hyman, Fred Bach, and Dave Miban work out on the Mendel campus.

Football

# Record-Setting Defense, Offense Spark Play

In defense of their Catholic league and City Championships, the 1969 Monarchs compiled an impressive 7-2 record as repeat South Section champs.

Pointing towards Soldier's Field, Mendel opened with a 55-0 trouncing of Weber. The new offensive backfield made its debut, led by Senior quarterback James Gill and six outstanding backs: Tim Sullivan, Ralph Zackey, Tracy Campbell, Tom Burica, Jim O'Connor and Pat Schreiber. The defense, led by captains Joe Minterfering and John Gener, returned intact from last year and proved to be tenacious and impregnable.

The second league game was against old nemesis and rival, The St. Rita Mustangs. On the first play from scrimmage, Gill hit Campbell with a 66 yard scoring pass. St. Rita stayed with us and we only had a 14-12 lead at the half.

The second half saw the offense arise. Sullivan scored on runs of 15 and 55 yards, Campbell scored again on a 15 yard run and Gill hit Morrissey with a 10 yard scoring aerial. The defense caused three fourth quarter turnovers and held for the second successive defeat of the Mustangs, 42-12.

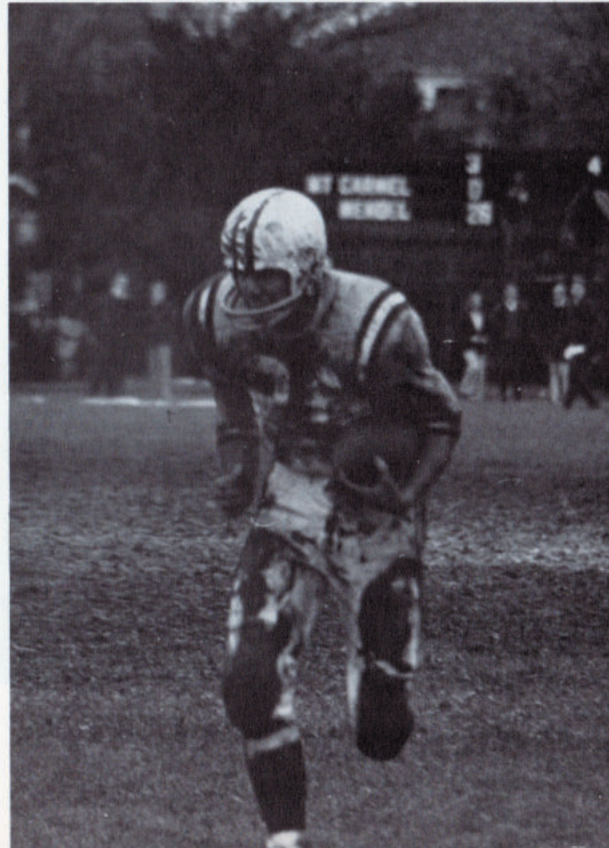

The Lions of Leo, our next opponent, were supposed to give us a run for section honors. We shattered all such rumors with a 33-0 shutout. Zackey, Hinsburger (2), Campbell and Purcell scored for Mendel and Gener and Neylon sparked on defense.

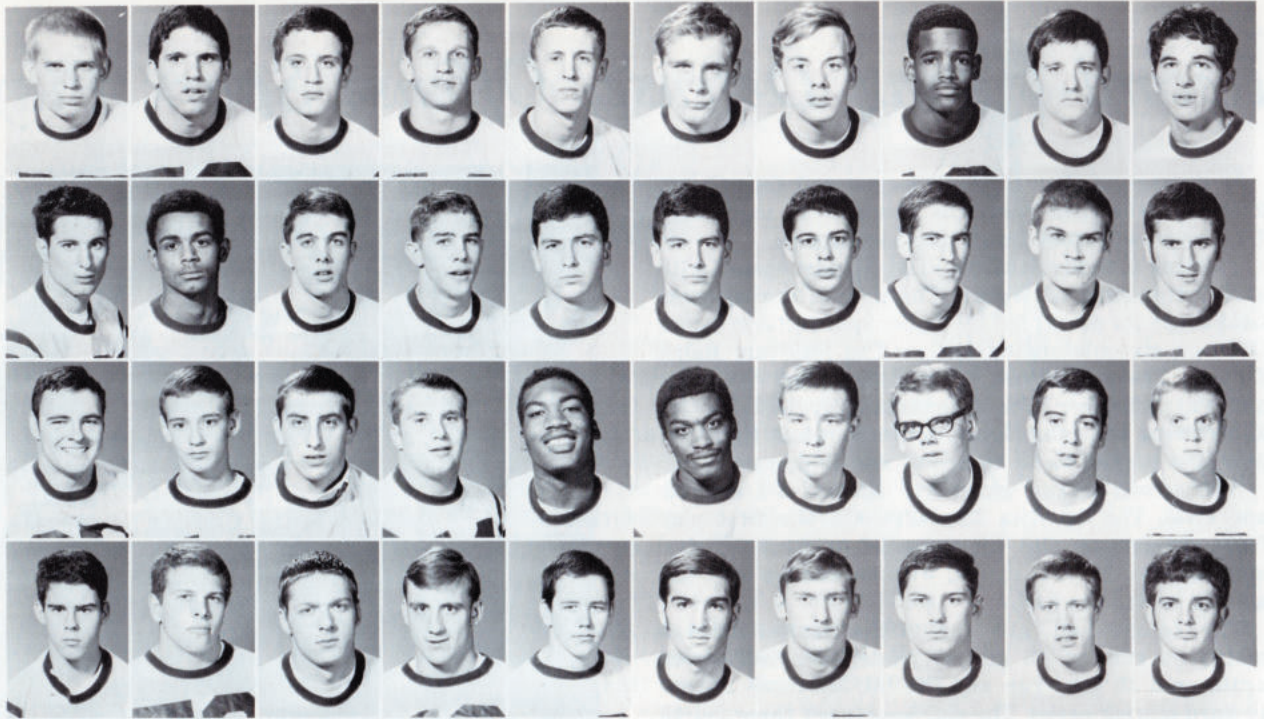

Harry Kokolus, whose toe hit for 35 points during the season, scores a PAT against the Red Horde with Mike Babich holding.

Tim Sullivan looks for yardage in the Carmel game after his first quarter touchdown. Tim scored six season touchdowns.

All-city safety Bob Supergan takes an interception for a 15-yard T.D. against the Caravan at muddy Eckersall Field.

**Football Team:** Top Row: Nicholas Abaravich, James Angio, Bill Aitken, Michael Babich, Peter Babich, William Bassetto, Bruce Bentley, Terrence Brantley, Gregory Browne, Thomas Burica. Second Row: Martin Butorac, Tracy Campbell, Charles Coffey, Daniel Coffey, James Coffou, John Coffou, Martin Combes, Patrick Cusack, James Dreznes, Steve Flaherty. Third

Row: Michael Foley, William Foran, Kenneth Ganser, John Gener, Bruce Harris, Emmett Harris, Matthew Heneghan, Reid Hensley, Michael Hinsberger, Dennis Hughes. Bottom Row: James Hurley, Herman Jonak, Robert Juskiewicz, Andrew Kachiroubas, Dennis King, Terrence King, Harry Kokolus, Edward Kress, Mark Kunzendorf, Raymond Lester.

Mendel's only points against Loyola in 1969 were scored when Tim Sullivan ran a broken play in for a score in the first

period of homecoming. Later in the season, Tim suffered torn knee ligaments and his loss hurt our title hopes.

**Top Row:** Terrence McDermott, Kevin Mitros, Casimir Mokry, Jerome Moran, Edward Morrissey, Frank Neylon, David O'Connell, James O'Connor, Mark O'Hare, Nicholas Pallotto. **Second Row:** Thomas Purcell, Patrick Quane, Anthony Quinn, Carl Russell, Joseph Ryan, Stanley Salabura, Patrick Schreiber, Patrick Sheahan, Thomas Sheahan, James Simnick. **Third Row:** Ronald Smith, Michael Smolinski, Daniel Stumpf, Robert Super-

Sullivan, William Trojan, Manager Jerome Husayko, Manager Donald Long, Manager James Sheeran, Head Coach Lou Guida, Assistant Coach Peter Andreotti, Assistant Coach Patrick Durkin, Assistant Coach Michael Sheahan.

## *Homecoming Jinx, Weather Strike; Loyola Wins*

Defensive Guard Mike O'Hare hits a Mt. Carmel Caravan flanker and causes a fumble, setting up a Jim Gill touchdown.

A fourth victory was taken from the mud of Eckersall Stadium and the Mt. Carmel Caravan. In 1968, a 41-32 loss marred an undefeated season and revenge was demanded. Despite a rain-soaked field, the Monarchs executed their game plan to perfection. Key blocks, brilliant running, sharp passing and a defense, which yielded 26 total yards, played a victory tune of 39-0.

Trouble spelled Loyola. A bad field, lack of the big play and the "Homecoming Jinx" all contributed to a 22-6 loss.

Next on the line was Hales Franciscan and the South Section championship. Neither team could mount an offense and in the third quarter the score was still 0-0. The Spartans stopped a Monarch drive on fourth-and-goal from the one. But two plays later, defensive tackle Joe Mintefering recovered a Fertis Overton fumble in the endzone and we led 7-0. On the next set of downs, Mike O'Hare recovered a fumble on the Hales' 17, with Mike Hinsburger taking a Gill pass for the score. Final: Mendel 14, Hales 0.

# Monarchs Suffer Second Defeat in Title Game

The last regular season game was against St. Laurence and it was no contest. With the second and third string playing good part of the game, we rolled to an easy 36-12 victory and the right to face Brother Rice in the playoffs.

Observers of the high school football scene in Illinois felt at the beginning of the season that Mendel could quite likely repeat as champions of Chicago football in 1969. In fact, sports writers ranked Mendel No. 1 in the State for four weeks.

The Monarchs handily took the Crusaders by a score of 42-8 in the opening playoff. The individual play of the game came on a Pat Schreiber pass reception at the Rice 12 yard line. The pass was underthrown but without turning around, Schreiber arched his back, his momentum slowed him enough for the pass to land in his arms. Tom Burica's 42 yard T.D. run was a highlight. The opposition score was allowed late in the game by the reserve defense.

On Sunday, November 23, the showdown game was held between the Monarchs and the only team that had beaten them, the Loyola Ramblers. The Ramblers had taken the Monarch on the quagmire of Gately Stadium on Homecoming Sunday. The firm turf of Soldier's field promised to be a tough game.

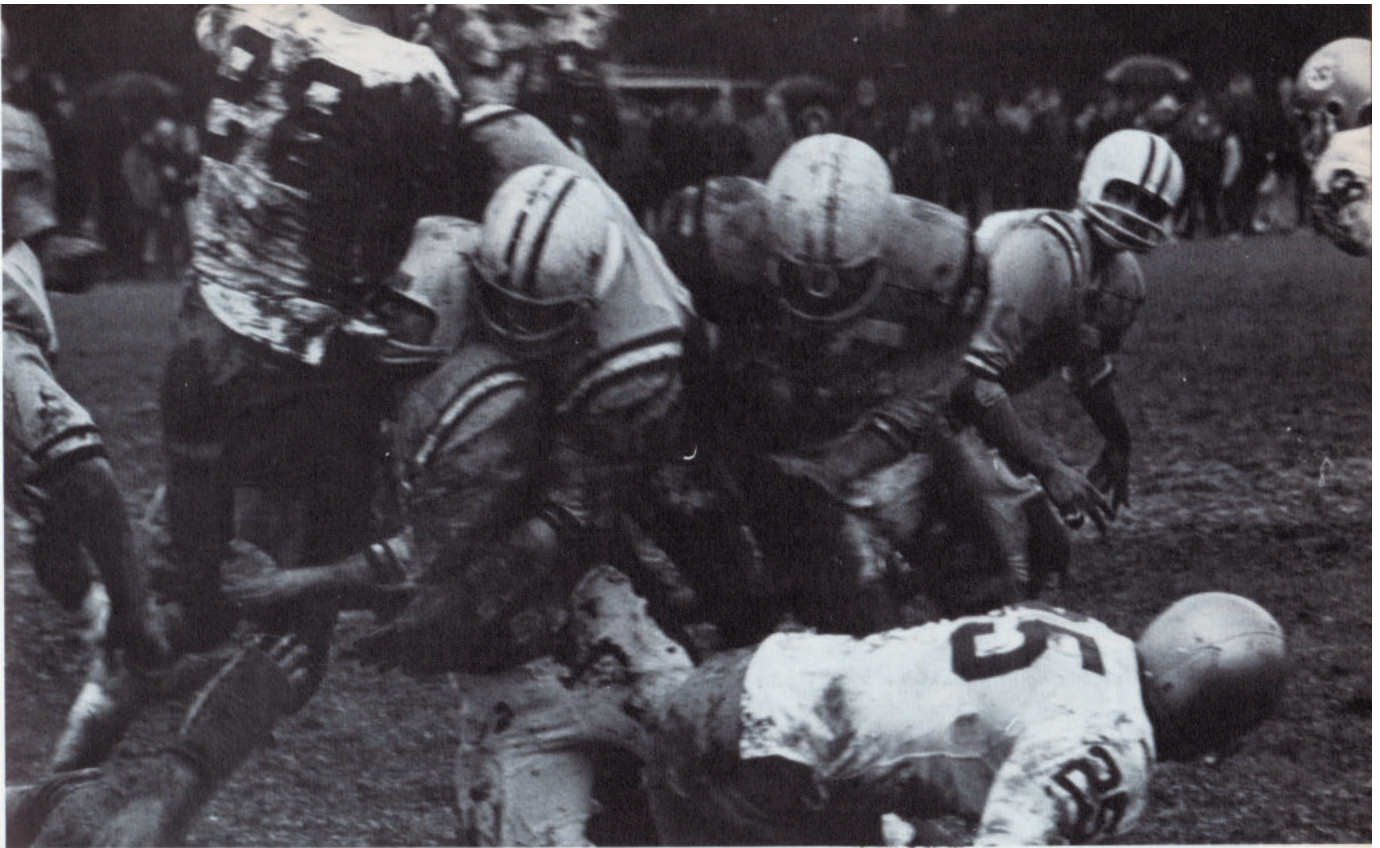

Tom Burica utilizes a Ralph Zackey block early in the Carmel game and heads for the open field and a Caravan defender.

To win in the mud, spikes must be kept clean to give the backs traction. John Coufou does this sideline job during the Caravan game.

Junior quarterback Pete Babich puts a left side sweep in motion by handing off to Junior fullback Pat Cusack.

The trademark of the defensive front line and the linebacking corps was gang tackling. On Eckersall's slippery turf, John

Gener, Joe Mintefering and Cas Mokry stop Mt. Carmel's all-city halfback Dan Collins for no gain and a few bruises.

From the kickoff, it was a solid defensive game. Gill ran Campbell, Burica and Zackey in the game plan: right at the heart of the Loyola line, but met with little success. Loyola fared even worse against the Monarch line with a first half net of 69 yards. The breaks were not to be the Blue and White's day when late in the second quarter John Weber ran a reverse on a Kokolus punt and went 55 yards for the game's only touchdown. John Foran took in the two point conversion.

The second half was even rougher with the Monarch defense allowing only 29 more rushing yards to the Loyola Ramblers. The offense wasted opportunities from a 40 yard Campbell punt return and Bill Trojan's 42 yard run with a Jerry Lucas interception. But Pat Schreiber's pass fumble with 40 seconds remaining on the clock sealed the Monarch's fate.

Freshman Football

# Little Gridders End Season 8-0; Great Varsity

Winning all their games of the season, the Frosh team gained 210 points and gave up only 36. Fine defensive playing of Tom Jones and John Riggio plus outstanding performance of the well-rounded offense attributed to the high scoring. Fullback Bill Bailey, who led the offense, was the team's leading scorer.

The more exciting games were against Mt. Carmel and St. Laurence. The young Monarchs held the Caravan to a minus total yardage. In the game against the Vikings, Mendel came from behind 0-6 at halftime to win 22-6.

This year's varsity juniors when playing as freshmen ended their season 8-0, and the sophomores finished theirs at 5-1-1; add the present frosh team with their size, remarkable speed and versatility, 8-0 record, and what does one predict—a great Monarch season.

Halfback Phil Cullen carries the pigskin for a several-yard gain against Loyola. Phil scored six touchdowns for the season.

## Varsity Team Wins South Section Title

Seeking to continue the success of previous years, the golf team again captured the South Section title for the eighth straight year. The Varsity, averaging between 78 and 84 strokes per 18 holes, earned third place honors in the Catholic League playoffs.

The Junior Varsity, averaging between 85 and 95 strokes per 18 holes, took fifth place in the playoffs. One of the highlights of the season was the comeback of the junior varsity Monarchs in their match against Fenwick. Don Triveline and Joe Marek, playing 3 and 4 respectively, shot a pair of 85's to boost the team over the Friars.

Mr. James Diamond coaches both of the golf teams.

## Heavyweight Basketball

# Monarchs Finally Come of Age

After a long drought of mediocre seasons and poor records, heavyweight basketball returned to Mendel. Under the capable leadership of new head coach Mike Sheahan, Mendel compiled an impressive 21-10 overall record, 6-6 in league play. Led by juniors Louis Gray and Willis Nance, Mendel stunned the Catholic League with a surprising fourth place South Section finish, narrowly missing the playoffs.

The "team of the future" had finally arrived. Pat Sheahan, Ed Morrissey, and Pat Schreiber, all seasoned three year basketball veterans, handled most of the defensive duties, leaving the offensive chores to Lou Gray and Willis Nance. Morrissey and Sheahan were particularly effective on the offensive and defensive backboards, and Schreiber's sparkling play made Mendel's backcourt one of the best in the league. Willis Nance, our junior all-star forward, was second in

league scoring only to Hales' MVP, Sam Pucket. Lou Gray, the "quarterback" of the offense, was named to **Chicago Today's** Prep Team of the Week in addition to being an all-star selection.

With two great teams, the Lights and Heavies, Monarch basketball support was the best in at least four years. The team responded with three "upset" victories: the close one point decision over powerful Carmel, an impressive come-from-behind win over Leo, and a satisfying victory over arch-rival, Rice.

This successful season can be attributed to the coaching of Mike Sheahan and his assistants, Bill Biro and Frank Ganser; the co-ordinated team effort by the starting five, and the "sixth man," who was found in the persons of Joe Ryan, Bill Purvis, and Greg Reed on the court, and in the persons of the Mendel Student Body in the stands.

Louis Gray, better known as "Poncho," dribbles around Carmel's Walton in the thrilling 68-67 victory over Carmel.

## *Monarchs Lose 67-62 in Semifinal Game*

The 1969-1970 regular season was the most successful one that Monarch roundball rooters had ever seen. After a disappointing previous season, a true "rebuilding year," the Lights this year showed the promise they had.

Though with a rookie head coach in Mike Sheahan, the starting five were all battle tested with each having at least one year's experience. Senior co-captains and all-stars Mike Manderino and Terry Modjeski led the high-scoring, but defense minded squad. Leading scorer was Junior Denny St. Leger, who had nearly a 20 point average. Hot on his tail in scoring and leading rebounder was Junior All-Star Center Mike Lemons. The other Junior Forward, Pat Devine, provided clutch scoring and defensive pressure.

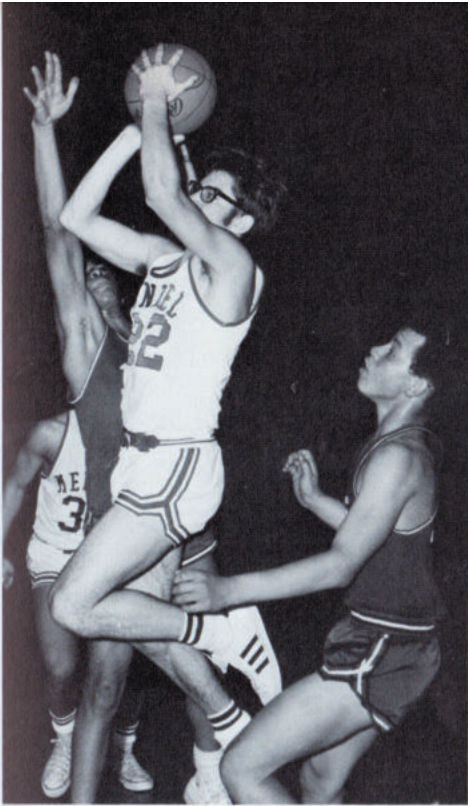

The game plan was one that took advantage of another team's mistakes, shifting between the fast break engineered by Manderino's pin-point passing, and the devastating outside shooting of Lemons. The only thing that kept the Lights from the section championship was the inability to penetrate the full court press of the champion, Mike Broderick-led St. Rita Mustangs.

**Junior Tony Helm** gives Mt. Carmel an example of how to shoot, the perfect corner jump shot. Tony, a reserve forward is part of the great bench that makes the Monarch Lights a power in the Catholic league.

Team leading scorer Denny St. Leger drives toward the basket against Brother Rice.

All-Star Center Mike Lemons was a consistent great performer for the entire season. Against Brother Rice he shoots in a clutch situation shielded by Terry Modjeski. Lemons led the team in rebounds and was the most accurate percentage shooter.

Breaking a Hales double team, Pat (Andy) Devine curls in a jumper from the slot. The 94 points scored in the game was a team record.

# Junior Roundballers Finish Season 8-4

Averaging over 52 points per game, this year's Bantam team ended the season with a remarkable record of 8-4, capturing third place in city. With the coaching of Bill Biros, the Club showed all its potential especially that exhibited by Tracy Campbell and Stephen O'Grady, who were also the high scorers.

The most memorable game was against Brother Rice in which the 'gunner' Mike Smolinski (also Captain) led the team to a crushing victory of 62-39. Among the varsity hopefuls were Tracy Campbell and Hank Schumann, and overall, the players and coach predict a fine season in store for next year, which may top this year.

## *Monarchs End Season With 9-5-1 Record*

Marty Balsam silently waits for the battle to begin.

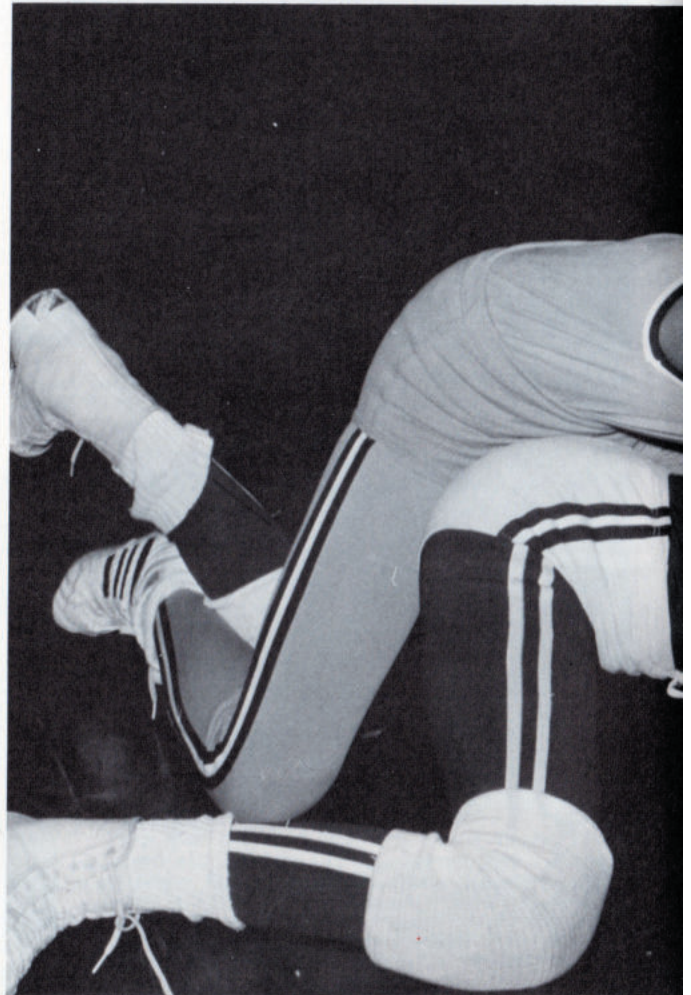

Michael Hosty turns the tables on a Crusader.

Under the dedicated direction of Mr. Donald Ledin the Wrestling Team demonstrated once again how capably they perform against difficult opposition. Mendel has had five consecutive championship teams since 1965, and this unparalleled record often stood as an incentive to make it six in a row. Of all the weight divisions this year, only one position was filled by a returning matman. Because of this the Monarchs did not have the necessary experience for a championship team, but in spite of it they compiled an incredible overall record.

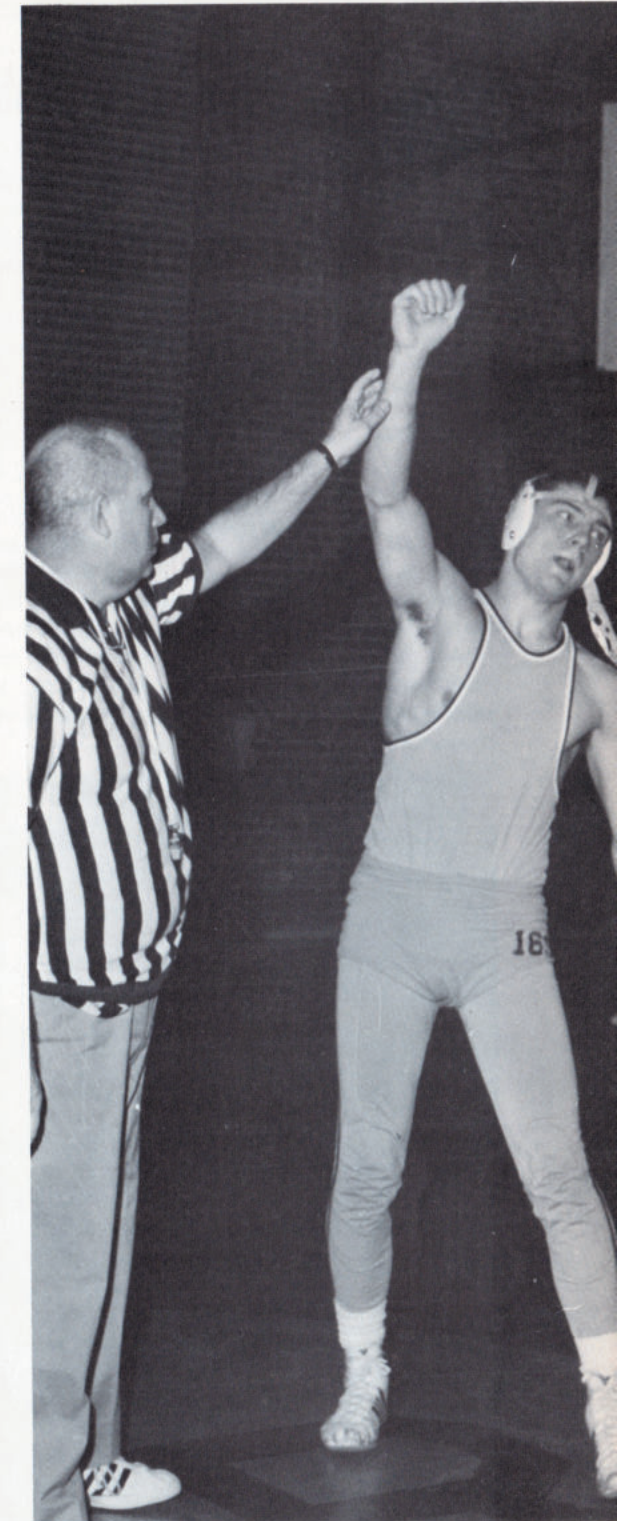

The season started off as the Monarchs soundly defeated Washington, Bogan, and Kelly and tied Lane. They easily handled St. Laurence and crushed Orr, considered to be the best in the state, 27-17. Then injuries set them back as the Monarchs lost to Mt. Carmel, Loyola, Tilden and twice to Brother Rice. They did, however, defeat Gordon Tech, Holy Trinity, St. Laurence and Mt. Carmel, placed first in the Mike Murphy tournament and finished with a 9-5-1 record.

In the Catholic League Championship, Mendel placed fourth and Marty Balsam was named the league's Most Valuable Wrestler. Considering the odds against them, the Monarchs turned in a remarkable record.

Bottom Row: Richard Tracy, James Wator, Bernard Windauer, Coach Donald Ledin.

The Junior Varsity team started in September with 144 aspirants; of these, 27 survived the season. They were a winning team from the beginning, composed of some of Mendel's strongest and most dedicated underclassmen. The hard work paid off as they won the Catholic League title with 92 points, second place Brother Rice 15 points behind. The grapplers also took first place in six other tournaments. All things considered, Coach Don Ledin is building what may be one of the toughest teams ever to compete.

Bowling

# Senior Team Finishes 2nd in South Section

Opening the season in a bright fashion, the Senior Traveling Bowlers scored a pair of back-to-back shut-out wins over Holy Trinity and Leo. After this performance the Monarchs did not slow their pace, winning four out of five matches and losing only to Brother Rice. Their title hopes ended when they went without a win in their last three games. However, their 6-3-1 record still placed them second in competition.

The team was coached by Senior Joe Kurek and Co-Captained by Wayne Guglielmi and Joe Spyttek, who bowled the top average. Joe Spyttek also had the high game of 226 and high series with 613.

The junior bowlers, led by Mike Schaaff, could only finish 4th place with their 4-4-2 record.

The jubilant antics of Ron Mackiewicz typifies the feeling every young bowler experiences whenever he scores a strike.

Baseball

# Jim Weber's Record of 7-4 Tops Pitching Staff

Posting a 15-9 season, the Varsity baseball team finished 3rd in Catholic League play. The Monarchs had an overall team batting average of .261. Jim Weber and Pat Sheahan headed the pitching staff by taking the mound in 16 games.

Season's highlight was the game against St. Rita. This contest went into extra innings and was a great pitcher's duel between Jim Weber and Tom Gartland. With the game tied after the regulation seven innings, excitement rose higher as each team scored a run in the eighth inning. The next inning saw St. Rita go down without tallying a run. In the bottom of the inning Mike Veronie ended the game by scoring a final run for Mendel to make the score 3-2. Jim Weber, who struck out eleven batters and allowed six hits, pitched the entire game.

The Frosh-Soph team finished with a 15-3 season; the highlight was the 5-0 pitching record of Al Kolosh and the hitting of Ed Siegel and Remo Danieli.

The Monarch displayed their most exciting game against Brother Rice. Going into the bottom of the seventh down by a score of 4-1, the young diamond men of Mendel tied the game with a walk, two singles, and a double. Jack Parker then played a hero's role when he executed a perfect squeeze bunt to allow Remo Danieli to score the winning run.

Cross Country and Track

# George LaBanca, Rich Olund Win Blue Ribbons

Rich Olund and George La Banca of the cross country team won blue ribbons for their performances in the South Section meet. The school presented the most improved runner trophies to Fred Bach and Nathaniel Horn. The varsity finished the season with a 1-6 record, while the junior varsity ended competition at 2-5.

Highlight of the season came for the track team when it placed third of ten teams in the City meet. Individual honors went to William Cox and to Walt Alexander, who captured second place in 180-yard low hurdles. Mr. Biros and Mr. Quinn are the new coaches.

# ACTIVITIES

The ever-increasing opportunity for participation in socially-orientated programs is being constantly expanded at Mendel. Every Sunday evening there are the regular dances. During the year special dances, featuring big name bands are held. The social high spot of the year was, of course, the traditional Homecoming. All of Roseland knows this spectacular, with its pep rallies, fireworks, and massive bonfire.

Something new has been added for the outdoors type as well. Ski trips and tobogganing outings have been organized and enthusiastically supported.

Dimension '70 looks all the more promising for guys looking for added action after they lay the books down.

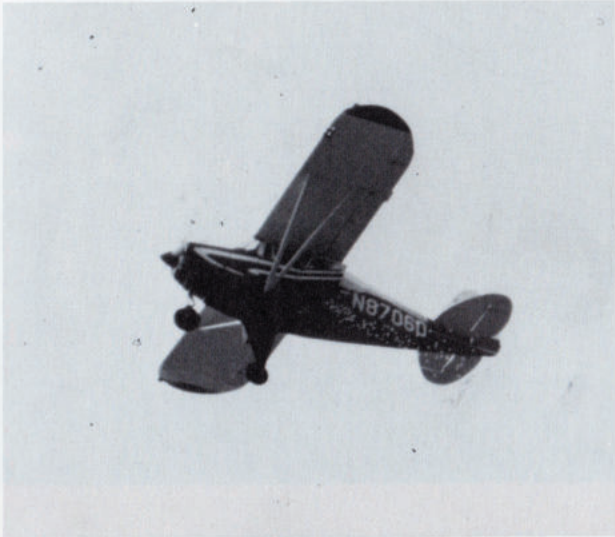

Bennies lead the Homecoming parade down Indiana Avenue to 103rd Street and finally to Gately Stadium.

Homecoming

# Friday Night Events Attract 6,000 People

A carnival-like atmosphere with game, chance, and food booths characterized homecoming festivities. Then to the cheers of the enthusiastic students and spectators the skies were lit by an elaborate Friday night fireworks display. Finally the long awaited moment arrived and the huge bonfire was set off.

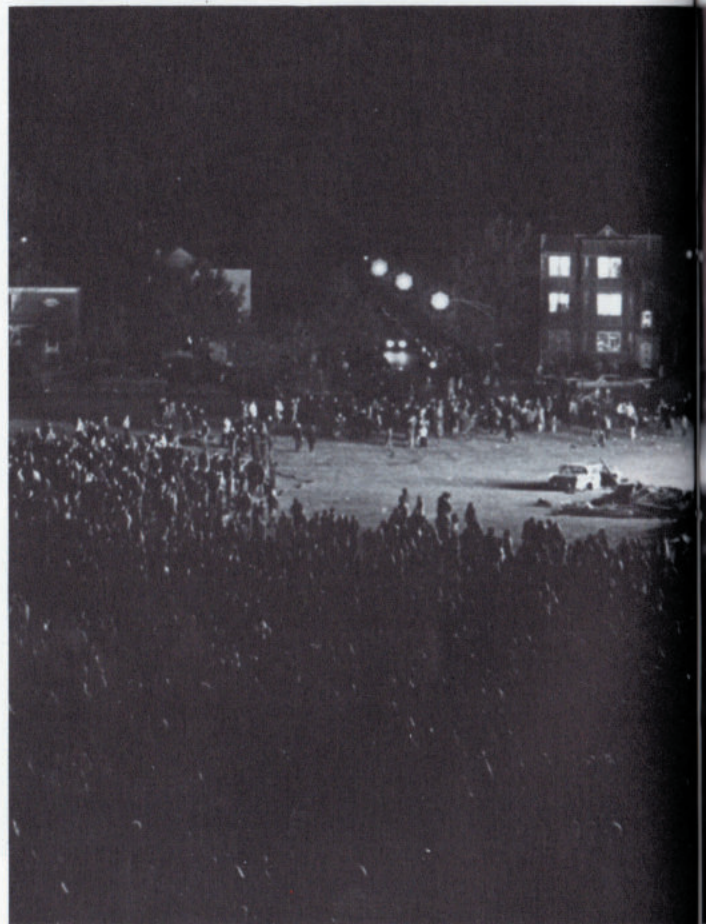

A lively sock hop in the gym wound up the evening's events. Sunday's activities on October 19 started with our Benny parade from Mendel to Gately stadium. There, the anxious and excited crowd awaited the start of the game against the Loyola Ramblers. During halftime Debbie Vianello escorted by Vince Rys was crowned Homecoming queen. To the disappointment of the fans, the Monarchs were defeated on the muddy field.

Spectacular fireworks display preceding the bonfire was one of the highlights of the festivities planned by the committee.

Mr. "M" Day was a day set aside during homecoming for casual dress. In his informal style Keith Cheatham drums up spirit at a rally.

Huge bonfire lights up the sky as spectators from Roseland and neighboring communities watch the wooden boxes and pallets disappear.

Music for the homecoming sock hop was furnished by The L. F. Symposium. Though it was crowded everyone had a good time.

Game and food booths helped to liven the evening's activities, and many people, such as Bob Dudzik, enjoyed themselves.

Open House

## Program Features New Closed Circuit TV

Mendel held its ninth annual Open House on Sunday, December 7. Fr. John Tyma directed the afternoon's program. The main feature of the day was the new closed circuit television. In the fields of science students performed experiments related to various sciences. The foreign language pupils displayed cultural projects along with actual artifacts from different countries. To complete the day the Concert band put on a performance for all who attended. The band members along with the National Honor Society provided ushering service and helped everyone enjoy a pleasant and profitable afternoon at Mendel.

Lunch Hour

*Sports, Other Activities  
Break Academic Routine*

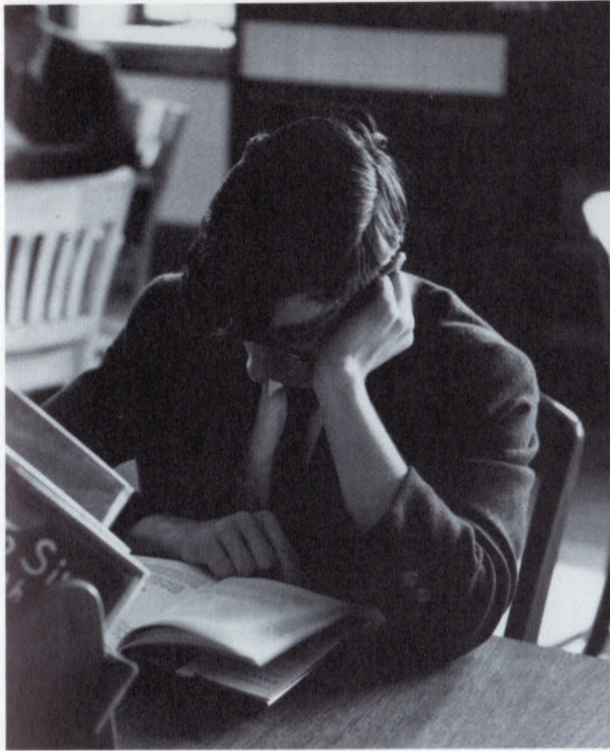

Noon hour provides a refreshing break in the middle of a hectic school day. Lunch, however, gets hot competition from: a last minute plugger for an afternoon quiz; a rugged game of "touch" football to aid digestion; or just a plain, old ordinary bull session.

Randy Pettenon and Tom Novak wait in line for their serving of hot specialties prepared by the cafeteria staff.

Game defeats, teachers, and homework are topics for bull sessions by Mike Burke, Anthony Anderson, Steve Coda, Marty Christensen, and Tony Anklewicz.

Junior Charles Works takes time out of his lunch period to catch up on some last minute studying for an afternoon class.

As the bell rings ending an intramural basketball game, students race out of the gym to be on time for their next class.

Not all can take lunch at once. If you are one of Mr. Sola's pupils, you can see how you look in his room from the "outside."

Is he loitering in the hall, or is he just showing a latest fad?— He happens to be Rich Osa waiting for the bell to ring.

*Junior Week*

## *Ring Reception, Prom Top Program of Events*

Ring reception climaxed three years of waiting and marked the beginning of superiority for the Class of '70. The traditional Junior Week events began with the Mother's Day Mass on April 29. The Mother and Son Mass was celebrated by the Principal, Fr. Francis Crawford, and the homily was delivered by Fr. William O'Rourke, O.S.A.

The next day the Juniors attended Career Day sponsored by the Mendel Alumni Association. That evening they gathered in the gym for Father and Son Nite. Entertainment was provided by a magician, Mr. Tousche, who performed tricks and baffled the crowd.

Immediately following the magic show, the rings were blessed by Fr. McConville. After distribution of the rings the Juniors with their dads went to the cafeteria where food was served by the Parents Club.

The crowning event of the entire week was the Junior Prom held in Mendel's gym on May 3.

The traditional blessing of the rings by Fr. McConville took place after the entertainment at Father and Son Nite.

A thundering applause was the answer to the various tricks performed by Magician Tousche at Father and Son Nite.

Juniors and their mothers participate in a special Mass celebrated by the Principal, Fr. Francis Crawford.

John Knapp, Mike Crowe and their dads exemplify the spirit of the ring ceremony. Tonight the juniors are happy flashing

their new status symbols, and the fathers are proud of their sons knowing that another step in maturity has been reached.

At last! The awaited presentation of rings begins. Dave Holan, Mike Hinsburger, John Gener, and Lou Bertoletti receive their rings from Fr. McConville.

Dances, Proms

## *School Organizations Hold Special Benefits*

Concluding Junior Week events was the Junior Prom, which was held on May 8. Beautiful decorations in the gym were done by the juniors. Wall to wall music added to the pleasant atmosphere for the ninety couples who attended.

The Knickerbocker Hotel was the scene of the Senior Prom. Dining and dancing made the event memorable, and a second band played numbers at individual tables.

Besides the Sunday night socials, special dances were held as benefits. The Parents Club held a dance on November 14 to increase their scholarship fund. The Knights of Augustine sponsored a dance on November 28 with music by the Knights of Daey. Dances were arranged by Debate Club and Key Club on February 27 and March 20 respectively to finance trips.

A few clubs sponsored dances for purpose of benefits. The floor may seem crowded, but there was always room for dancing.

Entering the doorway, Debora Young and Fred Graves expressed joy when they saw how decorations changed the gym's appearance.

Right: Bonnie Bosvay, Dave Boskey, and Ed Kocsis, Diane Strasser enjoy the kind of music they want—music by Al Peter's orchestra. Left: Dining helped to make the Senior Prom the most memorable event of the year.

Debbie Rupp and Samuel Jerome enjoy each other at Junior Prom.

Assemblies

## General Motors Present Auto Safety Rules

A week at Mendel was not complete without an assembly. Usually held at 2:15 on Friday afternoon in the gym, the assembly provided a time where all the students gathered to listen to speakers and to generate school spirit. Assemblies ranged anywhere from a General Motors demonstration, a Junior Achievement Conference, a Mass for the student body, to pep rallies. During homecoming week a special pep rally was held at Friday noon in preparation for the Loyola game.

With the Magnificent Mendel Monarchs Coach Guida speaks to the student body at a rally before Sunday's game.

At the pep rally before the Mount Carmel game, Mendel spirit was generated by seniors posing as Caravan cheerleaders.

A General Motors representative demonstrates the effects on unseatbelted occupants of an auto crashing into a solid barrier.

Assisted by the four class presidents of Mendel, Fr. Crawford celebrates Anniversary Mass in honor of his priesthood.

Intramural Basketball

## Section 46 Wins Senior Championship

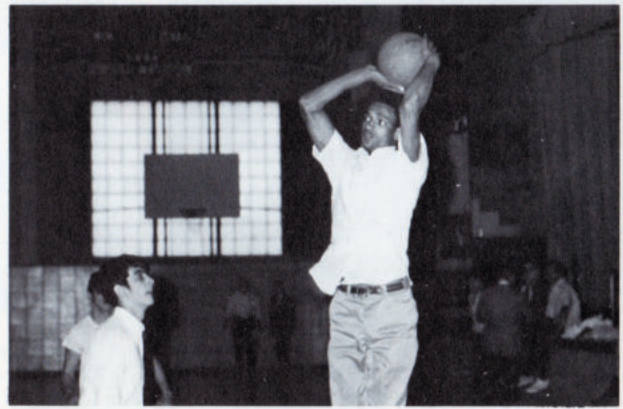

An opportunity was given to all students who do not play on a school team to participate in the basketball intramural program. Teams were composed of members of the various sections in the school. Some sections entered two teams called X and Y teams.

A champion team for each class was determined when playoffs were completed in March. The 1970 Champions were Sections 46, 34, 26X, and IX. Other leading teams were represented by Sections 41X, 45, 31, 24, and 2.

Freshman Maynard McLean—Cigarettes and Cancer—Second Place Award Winner.

John Doughney and David McCutcheon—Low Level Training in Mouse—1st Place.

Freshman Randy Hohl—Desalination of Sea Water—First Place Award Winner.

Sophomore John Macukas—Thin Layer Chromatography—First Place Award Winner. Judge is Mr. Bernard Brown.

## Science Fair

# Judges Select Thirty First Place Projects

A total of 98 projects under the direction of Fr. Erwin Dodge were entered by students in Mendel's Science Fair held on February 15. The judges, many from neighboring schools and businesses, selected thirty first place projects which went to the District Fair held at the International Amphitheatre on March 21. Those receiving outstanding or first place awards on the district level traveled to Champaign for state-wide competition at the University of Illinois.

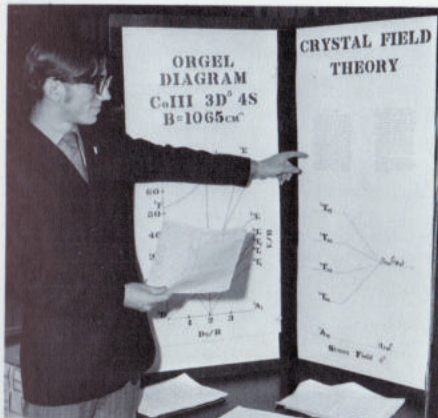

The purpose of the school's science fair was to motivate independent research and study in the student's own field of special interest. The many exhibits at the fair included such areas as conservation, behavioral sciences, chemistry, botany, and electronics.

Freshmen Paul and Philip Herbert—Production of Fungal Protein—First Place Award Winners.

Freshman Anthony D'Antonio—The Solar System—Second Place Award Winner. Judge is Mr. Jeremiah Hartmann.

Junior Dennis Trevor—Use of Semi-empirical Parameters in Constructing Orgel Diagrams.—1st Place.

Freshman Thomas Valente—Crystal Growing—First Place Award Winner. Judge is Fr. Gerald Nicholas.

Juniors Pete Zaluzec and John Barri-ball—Van de Graaf Generator—First Place Award Winners.

Awards

# *E. Hanley, B. Braglia Become Merit Finalists*

Scholastic achievement was again evident in Mendel students this year. Two seniors were named finalists in the National Merit Scholarship Competition. Also two students won honors in the National Achievement Scholarship Program.

The number of finalists in the Illinois State Scholarship Program reached forty-eight. In February First Honors certificates were awarded to fifteen seniors, five juniors, five sophomores, and fifteen freshmen. Also one hundred and forty-six other students received Second Honors certificates for their scholastic work.

Semi-finalist Edward Grays and Finalist Obie Reed receives Certificates of Merit in the National Achievement Scholarship Program. Fr. Francis Crawford, Principal, presents the awards.

Principal Fr. Francis Crawford congratulates Edward Hanley and Brian Braglia after they were named Finalists last February

in competition in the National Merit Scholarship Program. Nine other Seniors received Letters of Commendations.

Michael O'Hare received the Outstanding Student Athlete Award in honor of Dr. William T. Osmanski from the Holy Cross College Club of Chicago last January.

A Knights of Columbus monetary certificate was won in November by Ronald MacKiewicz for being an outstanding student in activities and scholarship.

David Comer of the Green Buccaneers 4-H Club received an Outstanding Club Member Award in November as one of the top ten 4-H members in Cook County.

Leonard Elliott of Troop 534 was awarded three hiking medals after completing 80 miles of hiking and also won a typewriter in the 1969 Boy Scout Jamboree.

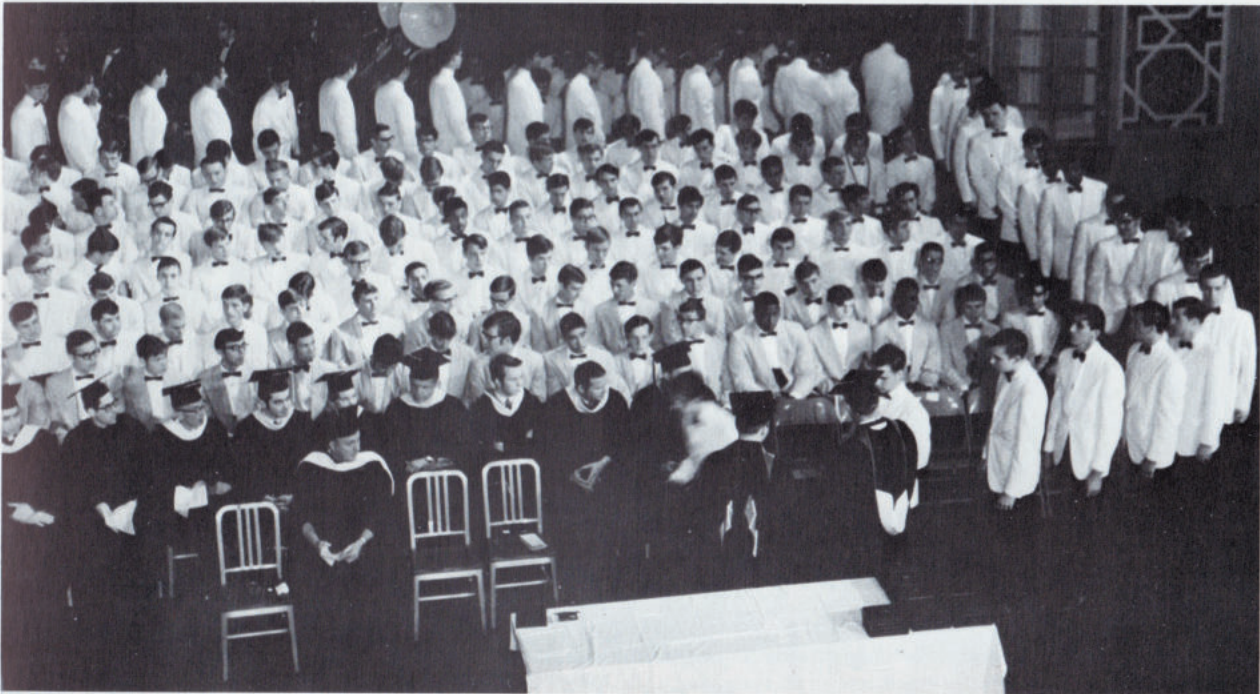

Graduation

## *293 Mendel Seniors Receive Diplomas*

Four years at Mendel for the Class of 1970 came to a fascinating close. Graduation was held at Medinah Temple on May 30. Mendel's sixteenth graduating class turned its eyes to the future. For these Monarchs, the time has come to contemplate "the shape of things to come."

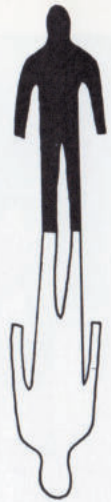

The participants waited anxiously for the events of the day to begin. Baccalaureate exercises took place in the morning in the Mendel Gymnasium. Mass was celebrated by the Principal, Fr. Francis Crawford. Then in the afternoon the stage was filled with the graduating class. The diplomas were handed out and the speeches delivered. Now, with all the ceremonies completed, the new graduates faced the world as alumni of Mendel. In their minds they hoped and trusted that they will assume their new responsibilities, and remain as loyal Mendel Men.

The climax of four exciting and eventful years at Mendel arrives for Lawrence Buckley when he receives his diploma from the hands of the Principal, Fr. Francis Crawford.

Graduates file towards the front to receive their diplomas.

# ORGANIZATIONS

Organizations allow the student to involve himself in school affairs, a prerequisite to his involvement in life. Whether it be debate, human relations, television, electronics or youth movements, Mendel has a place for them. New clubs have formed and others have been revitalized to meet the challenge of Dimension '70.

Some of the new clubs on campus are the Audio-Visual and the Afro-American Club. The A.V. Club was formed by students who were interested in the closed circuit television Mendel had acquired. The Afro-American Club was formed in order to provide the proper expression for the black student. The Knights of Augustine have taken an active part in a variety of school affairs. They have particularly involved themselves in the areas of dress code changes and assisting needy families.

The forum for these various clubs and organizations is the Student Senate. The Senate acts as a sounding board between the student body and the faculty. Together through the instrumentality of the Student Senate they look to the 70's together.

John Deal, a National Honor Society member, takes Mr. and Mrs. Charles Zoochi and their son, David, on a tour of the school during Open House.

### Band

## *Spring Festival Tops Year's Activities*

Early every school morning the hallowed halls of Mendel awoke to the sound of music as band members start their academic day. These sessions were really regular classes; therefore each band member received a full unit of credit at end of the year.

The Christmas Concert and the Spring Music Festival were among the more important performances of the year. Four months of practice were required to perfect the performance of the Spring Festival. The band also played in four holiday parades as well at all football games. The Music Association sponsored a St. Patrick's Day dance and concluded the year with the annual Awards Banquet.

The band is moderated by Fr. J. Kret and directed by Mr. D. Piane and Mr. W. Cain. The Class Officers were President Jim Hebda, Vice President Doug Wagner, Secretary Jim Herbert, Treasurer Earl Gross.

The Color Guard Unit leads the band in the annual homecoming parade on King Drive as part of the festivities at Gately.

Monarch

## *Yearbook Receives Its First Medalist Rating*

If the 1970 **Monarch** duplicates the achievement of a "special excellent" A+ rating given to the 1969 Yearbook by the National School Yearbook Association, it will be due to the leadership, effort and talent of its staff. The **Monarch** was also awarded the Medalist rating which was presented by the Columbia School Press Association, New York City.

When fifteen sophomores joined the staff, they underwent a training program in which they were taught the basics of layout, copy fitting and writing.

The principal changes occurring in the '70 **Monarch** were eight fewer pages due to 62 less Seniors, more color, better theme development, and the addition of label heads placed above feature heads.

Fr. La Vern Flach is the Adviser of the **Monarch**.

Back Row: Richard Osa, Dominick Adducci, John Grady, Peter Krafcsin, Ronald Bonaguro. Missing: Terry Brantley, Joseph Messina.

Mendelian

## School Paper Adds Several New Features

New goals were set in September by the staff for the **Mendelian**. Foremost among them was more communication among the students themselves and also between the students and the faculty. New features added to this monthly publication were the **Readers Forum**, **Movie Review**, **Student Opinion**, and articles on current issues affecting teen-agers. Increased from four to six pages, the **Mendelian** included advertising which was solicited to help to defray the cost of printing. The staff was under the new advisership of Rev. Mr. Thomas Taylor and the editorship of Bruce Nelson.

Mendel Spirit

## Semi-Weekly News-Sheet Receives New Name

Not only to encourage the student body to participate in the activities, but also to capture the spirit of the school were the new objectives of the **Mendel Spirit**. The change of the name from **The Scene** to the **Mendel Spirit** was to reflect its purpose. In addition to its new name, the news-sheet was headed by a new moderator, Rev. Mr. Michael O'Connor, O.S.A.

The writers of the paper communicated news of the various school offices, and gave accounts and statistics of the most recent games and events to the students and faculty. The news-sheet also served as a medium for announcing the upcoming activities around the school. The editors of the paper were Dan Boho, Ron Mackiewicz, Jim Herbert, and John Macukas.

Writers: Front Row: Rev. Mr. Michael O'Connor, Jocelyn Coupet, John Rodriguez, John Macukas. Back Row: Richard Sten-

quist, Robert Gronowski, Martin Balsam, Michael Hinsberger, Vincent Rys, Mark Thacher.

Editors: Warren Karas, James Herbert, Bryan Berg, Ronald Mackiewicz, Dan Boho.

Cheerleaders

## Vivacious Pep Squad Sparks School Spirit

We're No. 1! Defense! Defense! Hold that line! were just a few of the cheers that could be heard on a Sunday afternoon at Gately Stadium or wherever the Monarchs were playing. These cheers didn't happen by "accident." They happened because a group of energetic and vivacious young men made it happen.

Under the co-captainship of Joseph Palumbo and John Rodriguez and direction of Father Ronald Turcich, the members of the Cheerleading team instilled an aura of excitement and school spirit at pep-rallies and football games. Their entertaining antics of tumbling and pyramid building during half-times initiated a jovial atmosphere in the crowd.

Cheerleading was not all "fun and games" as it involved hours of hard work. The cheerleaders practiced their routines for the half-time, reviewed cheers, and painted posters when necessary. The end result was well worth all the energy for Mendel again had a great championship football team and a loyal group of cheerleaders to cheer them on to victory.

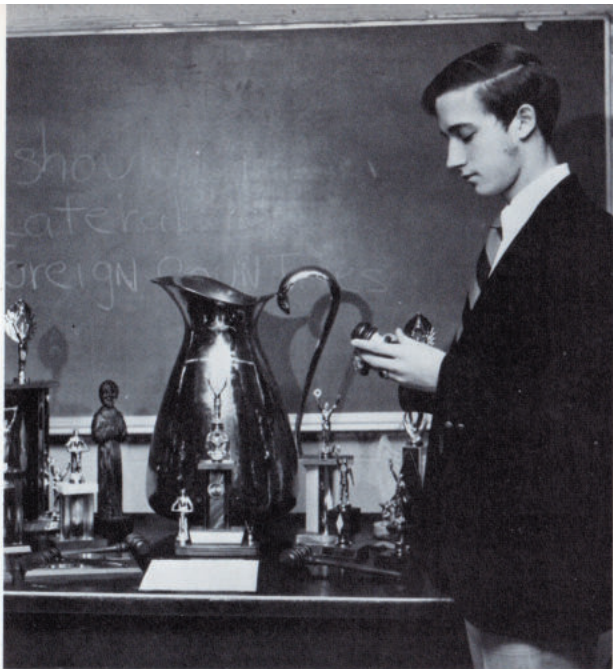

Front Row Bleacher Bums, Larry Litoborski, Jim Doyle, Dave Johnson, not only do their share of cheering, but also enjoy fun.

Numerous Mendel fans, including Mother Elizabeth Seton High School girls, support the Monarchs and the cheerleaders with their chants and cheers.

Debate and Forensics

## Two Members Qualify for Miami Tournament

"That Congress should prohibit U.S. military intervention in foreign countries" was the topic of discussion for the Debate and Forensics teams. In June of 1969 several debaters began their research by participating in summer sessions of debate at Loyola University and at the Toledo (Ohio) Institute of Debate. The results of this preparation became evident at Pittsburgh, Pennsylvania, where the team captured the Alumni Brass Trophy. This trophy was awarded to the team accumulating the most points over the past three years.

At the tournaments in Milwaukee, Wisconsin and in Rochester, New York, the Monarchs established themselves as contenders for the National Debate title. The members of the Varsity team suffered its first setback of the season at Washington, D. C., with a 2-6 record, but a week later in Chicago they bounced back with a 6-0 record at the Regina Invitational Tournament. On February 28 the Affirmative team consisting of Jim Ozog and Dan Selke qualified for the National Tournament held at Miami Beach, Florida.

Robert Erickson, Ewald Horwath, Bob Fioretti, Siro Pieri, and Cortez Hawkins proved to be the team's more prominent members by receiving various awards.

After Jim Ozog has given his speech, he finds the task easy to answer the question asked by another debater, Dan Selke.

Key Club

# Dance, Car Wash Aid Trip to Conventions

Members of the Key Club proved their willingness to participate by engaging themselves in various activities to aid the community. They sold candy for the Lions Club and helped the Kiwanis Club on Peanut Day. The Club also held food drives to aid needy families, organized a drive to gather clothing for the Vietnamese people, and participated in soap drive for Dixon State Hospital.

Monies realized from the car wash and dance were used to send delegates from Mendel to the State and International conventions in Springfield and Miami.

## *Forty-Five Seniors Join Honor Organization*

A donkey basketball game featuring the faculty against the students was the principal event for the National Honor Society. The money raised by the basketball game was used to purchase blazers for the members. This group performed many other charitable services for the school. Among them were ushering

at Open House and tutoring students who needed special help in their studies.

Student Senate

## *Class Representatives Rewrite Constitution*

With high spirits and great determination, the Student Senate began the year by making plans for the 1970 Homecoming. Student representatives then worked for such changes as a revised dress code and more student representation in the planning of the Junior and Senior Proms. The assemblies which were planned, developed, and carried out by the students were a big success this year.

The new constitution, which was written by the representatives, will go into effect in September. This constitution will permit more active student representation in the years to come.

Discussing the financial situation are the class treasurers, William Bailey, James Kelly, Gerard Joria, Michael Heenan, and Kevin Gallagher.

## Students Participate in Viet Nam Moratorium

Putting new life into an old organization was the first venture undertaken by the YCS this year. Acting on the interest of its members the group worked with the National Moratorium Committee to organize a South Side High School Moratorium. Along with this they attended a peace rally in Grant Park on October 15. Realizing a need to work on problems within the school, the YCS members began a program of rule reform. It brought its requests before the student senate and the administration, but they were not accepted.

Along more conventional lines, the YCS started a Christmas food drive to help the needy families in the Roseland and neighboring areas.

On Oct. 15 the YCS attended an anti-war rally in Grant Park. This sign expresses the hopes and demands of participants.

Chess Club

## Conference Merges; Team Does Poorly

Meeting twice a week the Chess Club heard on Tuesday any announcements concerning its practice sessions and traveling schedule. At their practice sessions on Thursdays, the members learned new plays from each other, books, and guest instructors.

The traveling chess team is a member of the Catholic Chess Conference. This year, because a couple schools left the Conference, the North and South divisions merged in April, resulting in a more competitive league. The Chess Team as a whole did not distinguish itself as a champion, but James Zajac led the team with a record of four wins out of six games.

The officers this year were: Wolfgang Lang, President; Gary Facko, Secretary; and, Richard Jung, Treasurer.

Mr. Raymond Flesher is the Moderator.

Mr. Raymond Flesher helps David Geter and Arthur Santoyo to improve the skills they have learned at the club meetings.

### Radio Club

## *Prospective Amateurs Take Code Course*

Only a few students in the school have realized that the members of the Radio Club have been busy in their "radio shack" on the fourth floor. This year has brought forth a major change in the operation of the club. One of their most notable projects was the offering of a code course for members. This course gave prospective amateurs a chance to learn the basic knowledge of Morse code required to pass the test for a novice license. A course comparable to this one has not been offered for several years, and, therefore, very few club members hold valid amateur radio licenses.

The Radio Club also has compiled a rather extensive library which contains books on almost all branches of electronics.

The officers are: President Edward Janik, Vice President Michael Davenport, and Treasurer Michael Crowe. Fr. Gerald Nicholas is the Moderator.

When asked to comment on the progress made this year, President Edward Janik replied, "I feel this was a year of transition, a time of re-construction. We have laid a solid foundation for the future."

Science Club

## Officers Establish Periodical, Film Library

The range of science was surprising, and the twenty films shown by the Science Club at their weekly meetings spoke for themselves. The Science Club met on Wednesdays under the direction of Dennis Trevor, President; William Conway, Vice-President; James Zajac, Secretary; Richard Osa, Assistant Secretary; and Mr. Thomas Wojcik, Moderator. Besides presenting films, the members planned a field trip to Argonne

National Laboratories, and listened to a guest speaker in chemistry from the University of Illinois.

Two more additional features were added to the Club; first, a periodical library which has magazines from 1959 to the present. Secondly, the Science Club has become a member of the Future Scientists of America, which enabled many of its members to channel their research into professional programs.

#### Coin and Stamp Club

## *Numismatists Tour Rare Coin Company*

Beware of the Coin & Stamp Club! They are in search of rare coins. This year the club found ways of obtaining items for their collections. One of these means which proved to be profitable was trading of stamps and coins among individuals from different schools.

The President was Robert Barker, and the other officers were Vice President David Novak and Secretary Eugene Sauter. Fr. Ronald Turcich acted as the Club's Moderator.

Besides their monthly meetings, the members toured Rare Coin Company of Chicago and participated in the annual Open House. The Club plans closer association between schools so the members can expand their collections.

# *Movie, The Tenement Examines Ghetto Life*

Newly organized in September, the Afro-American Club was formed for the purpose of unification and organization of the black students. Fr. Thomas Leo became its moderator, and Robert Jarrett took charge of the programs at the weekly meetings. Meetings took the form of panel discussions and dealt with current problems. Showing movies, playing records and tapes, engaging speakers complemented the discussions. One of the important movies was **The Tenement**, which pinpointed the problems of the black people in the ghetto.

A dance, **For Lovers Only** was held on Feb. 14.

Ronald Turcich, O.S.A., Moderator; Mrs. Gloria Fimbianti, President; Mr. Frank Pavilon, Alumni Vice President.

### Mission Club

## *Medical, Food Supplies Aid Peruvian Missions*

Boasting of a membership of almost the entire student body, the Mission Club was important to each missionary laboring in Peru. Both the prayers and donations gave assistance to the missionaries. Donations realized from the weekly voluntary contributions of the students were used to purchase medical supplies, emergency food supplies, catechetical materials, and a Toyota Jeep for the Augustinian Missions located in the diocese of Chulucanas, Peru. Part of the contribution was given to the Chicago Archdiocesan Director of the Propagation of Faith for distribution to other foreign missionaries.

Fr. Joseph Hennessey, O.S.A., is the Moderator of the Mission Club, and two representatives from each homeroom section collected the donations.

### Parents Club

## *Dinner-Dance Closes Membership Drive*

Formed into a new club which formerly was comprised of the Mother's Club and Father's Club, the Parents Club had entertainment at their meetings provided by different groups. The Fireman's Choral Group sang in October and the Fifth Army Band played in November. Dr. Ruth Carroll, a hypnotist, was the featured speaker and demonstrator for the February meeting.

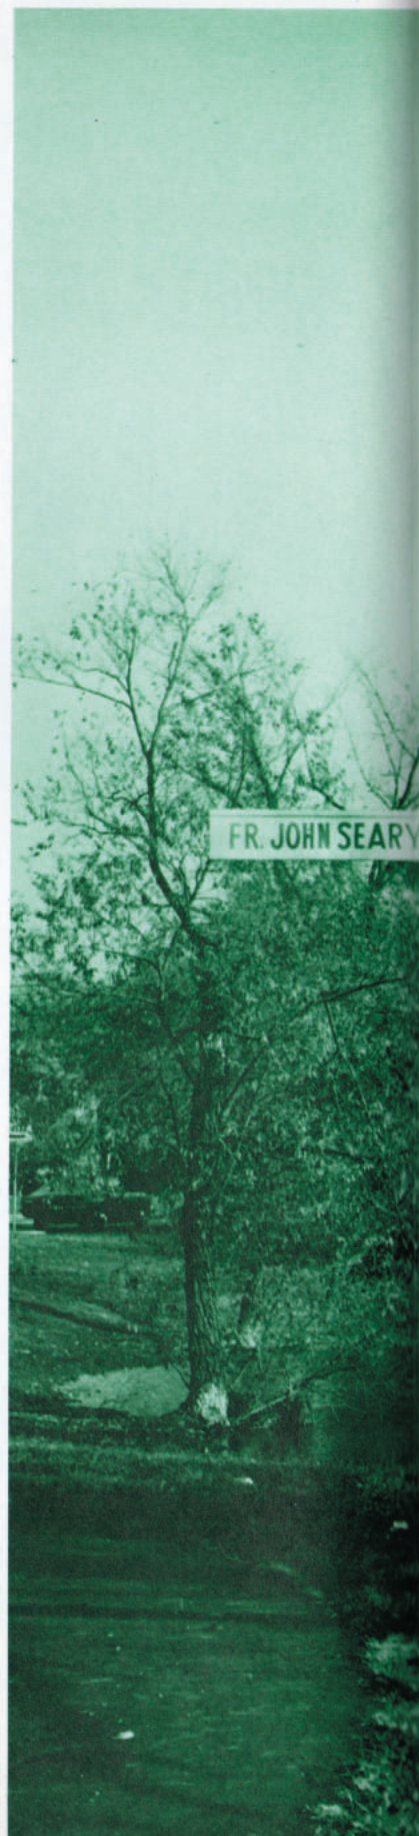

More significant of the activities were the Turkey Shoot, Card and Bunco Party and Smoker, and Spaghetti Dinner. A Dinner-Dance held in May concluded the annual Cadillac Membership Drive and the year's activities.

Funds obtained from the various events were used to continue the paving of the campus roads, and to purchase an illuminated school identification sign. Tuition of students whose deceased fathers had been members, also came from these funds.

Classes

# LOOK AHEAD

*From the lowly freshman to the top senior, the dawn of a new day will offer a challenge far more perplexing than yesterday's and a promise more daring than tomorrow's. Math, history, science, and religion are the keys which will open to a great new vision, a great new reality, the door to the great mystery of life which no man can fully understand and which only God could create. The senior of 1970 will be given the golden opportunity to work out the puzzle of that reality, that mystery. For four years the solutions to these problems have been held out to him. It is but for him to REACH OUT, STAND UP, LOOK AHEAD.*

# FRESHMEN

Freshmen have a special task in Dimension '70—they must change and adapt themselves to their new environment.

To the incoming Freshman, Mendel is an entirely new, different, and strange world. He entered ninth grade as a shy, inhibited, friendless young man, ignorant of the routine of high school life. Gradually, he learned to participate; to become involved. This year's freshmen competed in the IIT drawing contest, won their football championship, showed promise in debate and forensics, and helped make homecoming a success with their participation in the "Bennie" parade. Freshmen discovered a new social life, involving pep rallies, dances, football games, and other extracurricular activity. Gradually, as the year of transition passed, new faces became familiar faces; the schedule and classes became routine; and Mendel became a new "home" for four years.

Overcoming their task in Dimension '70, they stand ready to meet their challenge; to recognize and accept individual responsibility; and to develop a strong sense of pride and loyalty toward their school.

## SOPHOMORES

What has happened in the two years that mark the gap between Freshman and Sophomore? Outside of Mendel, the United States put a man on the moon, the differences between black and white were made manifest and demanded change, the anxiety of contemporary world forced man to look at himself to find the resolution of that anxiety.

At Mendel, we captured a championship and came close to another. The former "bennie" came to recognize the school and its teachers; moreover he came to recognize himself as a part of the world outside of the gates. The dimensions of 1970 are boundless. A great future lies ahead for every Mendel man. Reach out, you Men of Mendel, and grab it.

# JUNIORS

A Mendel junior has grown and matured in his three years of high school. He has progressed from the rank of freshman to the more challenging life of a junior. And he was equal to these new responsibilities. With an eye to his future he took the college board exams, he became active in sports with heavy emphasis on football, basketball, wrestling, and baseball. He enthusiastically participated in school activities, such as Key Club, Debate and Forensics, and the Mendelian. He attended various school functions throughout the year, climaxed by the always unforgettable Junior Week with the Prom and the presentation of the class rings, the symbol of his real acceptance as a Mendel Man. With this seal of approval the Junior is well prepared to step into the places of the departing Seniors.

# SENIORS

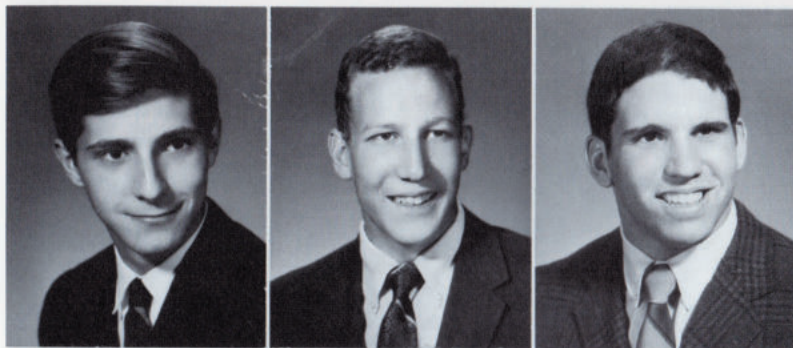

The senior class of 1970 lived their high school years in one of the most important periods of American history. Never before were so many challenges put forth, so many fields of knowledge expanded, so many questions asked. It is particularly significant that problems and questions now confronting these seniors of '70 were confined to the college level only a few years ago. In order to meet these challenges—the Mendel senior must not only be well-educated, he must establish a sense of individual responsibility and maturity as well. There was a new demand for fresh outlooks and attitudes. The class of '70 independently formed and organized the first Audio-Visual club which now operates Mendel's closed circuit TV system. These same seniors successfully maintained the first effective, working Student Senate.

The men of '70 proved equal to all the challenges encountered in their four years at Mendel. Their performance speaks well for the way they'll handle the future.

Seniors

*Activities Create Spirit, Motivate Class Pride*

Senior life depicted in various ways tell the full story. **Top Row:** Mark Thacher plays a saxophone with the band's first performance at Hansen Stadium. Rich Lefler and his friends cheer the Monarchs to victory. In the cafeteria Dave Boskey selects his favorites for lunch. **Middle Row:** Seeing that the Color Guard is ready for performance is a duty for Dan Boho as he inspects

Henry Perisee. Seniors listen to one of Mr. Hennessy's history lectures. Joe Mintefering shows the results that the defense line achieved against Loyola. **Bottom Row:** Rule violators stand for jug in the "pit." Sitting in a classroom is not always pleasant when the outside is beckoning. Greg Van Haren, a Key Club member, sells peanuts at 119th and Wentworth.

*Graduates Face Final Challenges as New Ones Beckon*

Seniors gather together for the last time to receive their diplomas. Fr. John Tyma, Senior Class Moderator, directs the

graduation exercises which were held at the Medinah Temple. The seniors may now reflect on things to come in the future.

**In Memoriam**

Donald N. Unton, son of Stephen and Margaret Unton, was killed in a plane crash on July 18, 1969 while on a fishing trip. His father and a brother also lost their lives in the same crash.

Donald, born on December 4, 1952, graduated from Seven Holy Founders grammar school in Calumet Park.

A member of Mendel's Class of 1970, Donald was a quiet and peace-loving man, and he had a great interest for out-door activity.

He will always be to his family and friends an inspiration and example of a Christian gentleman.

## Acknowledgements

The Editor would like to acknowledge the following individuals whose advice, co-operation, and assistance were instrumental in the completion of the '70 **Monarch**.

Fr. La Vern Flach, O.S.A., our adviser, without whose active encouragement, invaluable experience, and constant help, this book would not have been completed.

I would like to express my thanks to Mr. Tony Guasti and Mr. Joe Schmidt of Capri Studios for their excellent photography. Capri Studios allowed us special consideration on "rush orders."

Also I am indebted to Mr. Kenneth Nemsick of Taylor Publishing Company for his professional help, and to Fr. Thomas Nash, O.S.A., for his editorial assistance.

Finally, I would like to thank the members of the **Monarch** staff. It was their contributions of their valuable time and effort which made this book one of the best in the school's history.

Michael Kwiecien  
 Editor
